## KENDAL LAUNDRY TAG

This paper is manufactured from cellulose pulp with a wet strength additive that holds up to water, humidity and moisture for extended time periods.

The paper surface is designed to key well with print so that information remains legible throughout the cleaning process. Colourants have optimum bleed resistance to avoid colour run.

### CHARACTERISTICS

- A wet strength paper that does not degrade in humid and moist environments
- The paper surface is designed to key well with print so that information remains legible
- Paper colourants meet the stringent laundry tag specification
- Optimum bleed resistance to avoid colour run

### CORE ITEMS - Production every 6 weeks

PRODUCT	GSM(G)
