

SNOW WHITE BOOKBINDING

A non-woven snow white covering material with an embossed surface texture to emulate cloth.

With strength and fold endurance, bookbinding papers produced by James Cropper are second to none. The exceptional resilience of these papers also make them ideal as covers for photograph albums, games boards, lever arch files, and presentation packaging.

CHARACTERISTICS

- A non-woven covering material with a choice of embossed cloth-like textures
- Lightweight, yet strong and durable paper
- Superb gluing properties for easy conversion
- Very high fold endurance
