CERTYFICATE

Ms
MÓL MONIKA

Participated in a training in the Laboratory of Proteomic Techniques
in the Department of Physiology, Cytobiology and Proteomics.

Subject of the training:

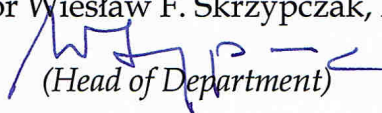

Proteomic analysis of blood plasma proteins
(2D electrophoresis, image acquisition, protein staining);

Bioinformatic gel analysis (PDQest);

Identification of proteins using mass spectrometry (MALDI-TOF)
by the aid of bioinformatic tools: flexControl, flexAnalysis, bioTools.

Szczecin, 28th November, 2011

Professor Wiesław F. Skrzypczak, Ph. D.

(Head of Department)
