## SG Wealth Management Environmental Policy Statement

SG Wealth Management is committed to reducing its impact on the environment, both its internal operations, and in a broader context. Our plan to achieve this involves the following key points:

- Minimising the environmental impact of our operations wherever possible; offering ethical, sustainable investment models without compromising on our obligations to meet our clients' needs and financial affordability
- To adopt a proactive, responsible approach to monitoring, managing and adapting our ongoing environmental initiatives and strategy
- Minimising both office waste and printing by moving towards more efficient, secure, digital systems
- Promoting recycling and sensible waste management amongst staff
- To promote healthy physical and mental working conditions for all staff working for SG Wealth Management
- To offer practical assistance and volunteers to local environmental charities and initiatives
