

# Insight Membership

## Maximising the insight from your membership

Insight members have access to all the aspects of the Foundation membership, with **additional benefits tailored just for you.**

### Expert help from our experienced team:

#### Data interpretation and analysis support

Assisting you with interpreting the benchmarking findings from NHSBN projects and associated products.

#### Data quality support

Supporting you to submit high-quality data for multiple projects across the NHSBN member work programme.

#### Embedding and utilisation of data

Using your exclusive Insight members Improvement Opportunity Report to help you to embed the use of Network data into your organisations strategic, operations and improvement work.

These Insight membership packages are delivered by **engagement sessions** which are tailored to you. The engagement sessions may include **Board level** briefings and **service level** briefings.

Insight membership is **delivered flexibly to meet your needs**, it can be delivered at any time in the year using the latest data available.

Insight members receive an **Improvement Opportunity Report** as an exclusive Insight membership output.
