It is a condition of the Scheme that all applicants sign the following declarations to confirm that they are aware of and will abide by the Terms of the Scheme.

DECLARATION

I (the undersigned) have read the requirements of the QMS Pig Assurance Scheme and the QMS Membership Rules. I am fully responsible for the production policy at the unit(s)/sites(s) declared above and hereby wish to apply to join the Scheme. If accepted, I agree to abide by the conditions of membership as detailed in the Membership Rules and also FIA Ltd.'s Certification Rules and Regulations in relation to the assessment and certification process.

I declare that I **KNOW** ☐ / **DO NOT KNOW** ☐ (please delete/tick as appropriate and give details if relevant below) of any current, past (within the last 5 years) or pending prosecutions relating to my business activities at the time of applying for membership of the scheme. Failure to provide any relevant information may result in refusal or termination of membership.

Details of any prosecutions within the last 5 years must be given below:

I agree to abide by the terms of the scheme, undertake to inform FIA immediately if, for whatever reason, the requirements of the scheme can no longer be conformed to. I will notify FIA of any major changes to the company's business or changes to products prior to these being put on the market.

I agree that the unit(s) will be assessed by an FIA assessor appointed to the scheme and understand that, for the effective running of the Assurance Scheme, it will be necessary for QMS to circulate my membership details (membership number and business details as provided on this application form) to Meat Plants/Processors, and to list the same on the QMS website for the purpose of verification of the assurance status of my business and the eligibility status of my livestock.

I agree to give Scottish SPCA access to my unit **before** Approved member status can be granted.

I declare that the information I have given on this form is correct at the time of application.
