

## Use of Laptop/mobile phone to watch live TV

We would like to draw your attention to the fact that the Town Council are not in possession of a TV Licence.

Please note that you are therefore unable to use your own laptop or mobile phone on these premises to watch live TV.

TV Licensing state that:-

*“If anyone at your business premises watches or records programmes as they are being shown on TV or live on an online TV service, **using a device you’ve provided**, you need to ensure your premises is covered by a TV Licence. This includes the use of devices such as a TV set, computer, tablet, laptop, mobile phone or DVD/VHS recorder.*

*Even if your employees, customers or visitors **use their own laptop or mobile** on your premises to watch live TV, they will need to be covered by a TV Licence. If their device has been plugged into the mains then your business may be liable for any unlicensed use. They will only be covered by their own TV Licence (provided they have one) if their device is being powered solely by its internal battery”*

We require you to confirm that you have read and agree with these terms when you make your booking.

Yours faithfully

Kingsteignton Town Council
