

It's time to give it a Whirl!

Now plant-based, Whirl
combines the authentic flavour
of butter with the convenience
of a liquid vegetable oil.

Whirl is the UK's first-choice butter alternative loved by chefs and caterers.

A liquid vegetable oil with butter flavouring, Whirl offers all the convenience and health benefits of an oil, with a rich, buttery taste. It's now plant-based, catering to Vegan & Vegetarian requirements, but also perfect for multi-menu use and in meat and seafood dishes.

No spitting or scorching, no need to clarify, and no need to refrigerate – you can't beat Whirl for simplicity!

It's delicious in any sweet or savoury dish where the recipe calls for butter, and adds a touch of indulgence when used instead of vegetable oil or margarine.

Whirl is a health conscious alternative to butter, helping caterers to create dishes that are lower in saturated and higher in unsaturated fats.

Whirl is perfect for:

Shallow frying

Baking

Grilling

Sauces

Glazing

If a dish needs butter, give it a Whirl!
