Dear Member

I hereby give you notice that in accordance with The Local Authorities and Police and Crime Panels (Coronavirus) (Flexibility of Local Authority and Police and Crime Panel Meetings) (England and Wales) Regulations 2020, an **EXTRAORDINARY REMOTE MEETING** of **HUMBERSIDE FIRE AUTHORITY** will be held on **FRIDAY, 27 NOVEMBER 2020** at **10.00AM**.

To access this remote meeting please visit <<https://zoom.us/join>> and then enter:

Meeting ID: 925 0821 1700

Passcode: 267998

Or telephone 0208 080 6592 and use the above Meeting ID and Passcode

The business to be transacted is set out below.

Yours sincerely

Mathew Buckley
Monitoring Officer & Secretary to Fire Authority

Enc.

A G E N D A

Business	Page Number	Lead	Primary Action Requested
1. Apologies for absence	-	Monitoring Officer/ Secretary	To record
2. Declarations of Interest (Members and Officers)	-	Monitoring Officer/ Secretary	To declare and withdraw if pecuniary
3. Follow Up Letter to our Audit Completion Report in relation to the 2019/20 Audit	(pages 1 - 11)	External Audit (Mazars)	To receive
4. Humberside Fire Authority Annual Accounts 2019/20	(pages 12 - 102)	Executive Director of Corporate Services/S151 Officer	To approve

Humberside Fire Authority (the "Authority") uses third-party video conferencing platforms in order to facilitate remote meetings, seminars and webinars. The Authority uses a variety of platforms including Zoom and Microsoft Teams. These products are external, third-party platforms and, as such, security cannot be assured. The Authority does not directly host these platforms nor does it exercise control over their infrastructure or privacy protocols. It is the responsibility of the participant to be aware of the risks involved in using these, or similar platforms, and to satisfy themselves that the security of any platform they elect to use is sufficient for their needs. Each participant should read the relevant privacy policy of the platform provider and should exercise adequate caution, including using appropriate anti-virus/malware/spyware software and device encryption.

The Authority does not accept responsibility or liability for any damage caused or loss suffered howsoever arising out of the use of external video conferencing platforms. In using these platforms, the participants acknowledge that they are aware of, and accept, any risk associated with their use.

18 November 2020

Dear Members

**Humberside Fire Authority
Follow Up Letter to our Audit Completion Report in relation to the 2019/20 Audit**

As required by International Standards on Auditing (UK), I am writing to communicate an update on those matters that were marked as outstanding within our Audit Completion Report dated 14 July 2020 and our initial follow up letter dated 16 September 2020. Members will recall that we presented our Audit Completion Report to the Authority meeting on 24 July 2020, and our initial follow up letter was presented to the Authority meeting dated 25 September 2020.

In this letter, we provide an update against the position reported in our letter dated 16 September 2020, and draw your attention to an additional issue that arose after the September meeting of the Authority. We will present this follow up letter to the Authority meeting on 27 November 2020.

Additional issues arising that were reported in September

Members will recall that the audit remained open, whilst we were waiting for a letter of assurance from the Pension Fund auditor, and there was always a risk that other issues might arise from external factors. In September's follow up letter we covered two pensions issues that had subsequently arisen, one in relation to the McCloud judgement, where there was an additional material adjustment to the pensions liability, and another in relation to the Goodwin case where an adjustment was not required. At the Authority meeting in September, the Authority re-approved the revised financial statements that were presented by officers, incorporating the revised pension liability.

We had envisaged that there would be no further issues arising and that we would have been able to issue our audit report when the Pension Fund audit assurance was received, without further recourse to the Authority.

Additional issues arising since we reported in September

Unfortunately, a further issue did come to light after the Authority meeting in September, and this is set out below.

Material valuation uncertainty in relation to Pension Fund assets

East Riding Pension Fund has made a disclosure of 'material valuation uncertainty' in relation to certain types of assets in the notes to its financial statements. As the Authority's accounts include a share of the Pension Fund assets, and the assets subject to the disclosure are above our materiality level, Note 3 to the Authority's financial statements in relation to sources of estimation uncertainty, has been updated to disclose the impact of this on the Authority's financial statements. This additional disclosure has meant that the Authority need to once again consider and re-approve the final version of the financial statements.

The additional disclosure note is explained further in Appendix A, and the text has been highlighted in red for ease of reference.

In line with normal practice, we will include reference to this disclosure as an 'emphasis of matter' in our audit report. The purpose of this paragraph is to draw attention to this disclosure, it is not a qualification and does not modify our proposed unqualified opinion on the financial statements.

Our draft Auditor's Report at Appendix B includes a draft emphasis of matter paragraph.

Update on matters previously reported as outstanding

The following matters have now been resolved.

Audit area previously reported as outstanding	Status	Updated position
Pensions	COMPLETED	We have now completed our work on pensions, and in particular, we have received the assurance letter from the auditor of East Riding Pension Fund. The only matter to bring to Members' attention is the 'material valuation uncertainty' in relation to certain Pension Fund assets, as described above.
WGA	COMPLETED	We have completed our work on WGA that was delayed awaiting group instructions from the National Audit Office. There are no matters to bring to Members attention.

Current status of our audit work

At the time of preparing this update letter, we still anticipate issuing an unqualified opinion, without modification, on the financial statements, and we still anticipate concluding that the Authority had proper arrangements in place to secure economy, efficiency and effectiveness in its use of resources. At the time of preparing this update letter, the following matters remain outstanding:

Audit area	Status	Description of outstanding matters
Closing Procedures		<p>Review and closure processes, including final consideration of post balance sheet events. We expect to have completed these processes by the date of the Authority meeting on 27 November 2020, and we plan to issue our audit report after approval of the financial statements by the Authority.</p> <p>We will need a letter of representation to be provided to us after the meeting, in the format set out in our original Audit Completion Report.</p>

Status

-  Likely to result in material adjustment or significant change to disclosures within the financial statements
-  Potential to result in material adjustment or significant change to disclosures within the financial statements
-  Not considered likely to result in material adjustment or change to disclosures within the financial statements

For completeness, I attach a final summary of misstatements as Appendix A to this letter. All changes between the Audit Completion Report and the final position are highlighted in red. I also attach at Appendix B, the draft Audit Report, which we expect to be able to sign and issue after approval of the financial statements by the Authority on 27 November 2020.

It is worth reflecting that your officers had produced the 2019/20 financial statements and we had audited them largely to the original timetable and without recourse to the extensions that had been provided this year due to the COVID-19 pandemic. The Authority initially approved the financial statements on 24 July 2020. The subsequent delays have lasted four months, and are entirely as a result of being unable to conclude the audit until we received Pension Fund audit assurance (eventually received on 10 November 2020), and the additional issues that have arisen while we have been waiting for the assurance letter. We are sorry for the inconvenience and frustration that these delays have caused.

If you wish to discuss these or any other points then please do not hesitate to contact me.

Yours faithfully

Gavin Barker

Gavin Barker
Director

For and on behalf of Mazars LLP

Appendix A – Summary of misstatements

The issues arising between the issue of the Audit Completion Report on 14 July 2020 and the issue of this update letter are highlighted in red.

We set out on below the misstatements identified for adjustment during the course of the audit, above the level of trivial threshold of £45k.

The first section outlines the misstatements that were identified during the course of our audit which management has assessed as not being material, either individually or in aggregate, to the financial statements and does not currently plan to adjust.

The second section outlines the misstatements that have been adjusted by management during the course of the audit.

Unadjusted misstatements 2019/20

	Comprehensive Income and Expenditure Statement		Balance Sheet	
	Dr (£'000)	Cr (£'000)	Dr (£'000)	Cr (£'000)
1. Dr: Creditors Receipts in Advance			216	
Cr: Taxation and Non-Specific Grant Income		216		

The first tranche COVID-19 funding received in March was without conditions and there is no indication of potential clawback if any is unspent. Accordingly, it should have been fully recognised upon approval, whereas the unspent element of the grant was credited to receipts in advance in the accounts. It has been fully spent in 2020/21 so whilst if adjusted it would have increased the Authority's reserves at 31 March 2020 the decision to adjust or not adjust does not impact on the Authority's current financial position.

Adjusted misstatements 2019/20

		Comprehensive Income and Expenditure Statement		Balance Sheet	
		Dr (£'000)	Cr (£'000)	Dr (£'000)	Cr (£'000)
1	Dr: Pension liability			4,015	
	Cr: Pension reserve				4,015
	Dr: Movement in Reserves Statement	4,015			
	Cr: Expenditure – Past Service Cost		2,818		
	Cr: Expenditure – Current Service Cost		1,060		
	Cr: Income – past service costs		190		
	Cr Financing and Investment I&E		20		
	Dr Re-measurement of the net defined liability	73			

Following consultation on the proposed remedy relating to the McCloud judgement, revised actuarial reports were obtained from GAD and Hyams Robertson. The adjustments above have been made in the financial statements to reflect the revised position.

2	Dr: Revaluation Reserve			67	
	Cr: Property, Plant and Equipment				124
	Dr: Firefighting and Rescue Operations expenditure				
	Dr: Capital adjustment account	57			
	Cr: Adjustments between the funding basis and accounting basis		57	57	

The Valuer agreed that in one case he had mistyped a land area when performing his calculations and in another he had used an inappropriate index for building costs. Accordingly, property, plant and equipment had been overstated by £124K in the accounts and the valuer provided a revised valuation report to allow the above adjustments to be made.

		Comprehensive Income and Expenditure Statement		Balance Sheet	
		Dr (£'000)	Cr (£'000)	Dr (£'000)	Cr (£'000)
3	Dr: Firefighting and Rescue Operations Income	118			
	Cr: Taxation and Non-Specific Grant Income		118		
<p>The first two months of Localised Business Rates income was incorrectly coded to Firefighting & Operations within net cost of services on the CIES. The income was fully accounted for but classified incorrectly.</p>					
4	Dr: Revaluation Reserve			64	
	Cr: Property, Plant and Equipment				64

Whilst most of the stations that were revalued incorrectly in 2017/18 or 2018/19 have been corrected in 2019/20, 2 stations were not corrected because the calculations were provided separately by the valuer and thus were not on the spreadsheet used to post the corrections. Accordingly, property, plant and equipment had been overstated by a further £64K in the accounts, bringing the total overstatement to £188K. These errors have all now been corrected.

Note: None of the above adjustments impact on the Authority's usable reserves.

Disclosure amendments

During the course of the audit we identified a number of presentational and disclosure issues. These have been adjusted for in the final version of the financial statements. The one significant disclosure amendment is explained below.

Pension Fund Assets:

East Riding Pension Fund has made a disclosure of 'material valuation uncertainty' in relation to certain types of assets in the notes to its financial statements. As the Authority's accounts include a share of the Pension Fund assets, and the assets subject to the disclosure are above our materiality level, Note 3 to the Authority's financial statements in relation to sources of estimation uncertainty, has been updated to disclose the impact of this on the Authority's financial statements:

'Material Valuation Uncertainty – Pension Fund unquoted investments and property valuations

In March 2020 the World Health Organisation declared the outbreak of COVID-19 as a global pandemic which led initially to a material negative impact in publicly quoted markets. This caused additional uncertainty in the valuation of unquoted investments which are challenging to value even in normal market conditions. With regard to property valuations undertaken at 31 March 2020, valuers noted that they considered less weight could be attached to previous market evidence for comparison purposes, to inform

opinions of value. Indeed, the current response to COVID-19 means that external valuers were faced with an unprecedented set of circumstances on which to base a judgement. Consequently, less certainty – and a higher degree of caution – should be attached to the valuations than would normally be the case, and the Pension Fund valuers reported their valuations on the basis of ‘material valuation uncertainty’.

Our opinion is not modified in respect of this matter. However, we have included an ‘Emphasis of Matter’ paragraph in our auditor report to highlight this disclosure. It is important to note that this is not a qualification.

The Authority has also made these amendments:

- Note 1 (accounting policies) did not disclose the new implementation date for IFRS16 (leases);
- Note 4 (pensions) had not been updated to disclose the latest position on the McCloud case;
- Note 5 (PPE) did not correctly analyse revalued assets by the year of last valuation;
- Note 14 (Senior Officer Remuneration) omitted the last 2 rows from the totals so the columns did not add up and total costs were understated; and
- Note 15 (Post Balance Sheet Events) did not disclose the significance of the COVID-19 pandemic on the Authority’s costs and revenues in 2020/21.

Appendix B – Updated Audit Report Wording

We have highlighted in red matters raised in this letter

Independent auditor's report to the members of Humberside Fire Authority

Report on the financial statements

Opinion

We have audited the financial statements of Humberside Fire Authority for the year ended 31 March 2020, which comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Firefighter Pension Fund Account Statements and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20.

In our opinion, the financial statements:

- give a true and fair view of the financial position of Humberside Fire Authority as at 31st March 2020 and of the Authority's expenditure and income for the year then ended; and
- have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities section of our report. We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Effect of the Covid-19 Pandemic on the Authority's share of Pension Fund unquoted investments and property valuations

We draw attention to Note 3 of the financial statements, which describes the effects of the Covid-19 pandemic on the valuation of Pension Fund unquoted investments and property valuations. As disclosed in Note 3 of the financial statements, the Pension Fund's valuers included a 'material valuation uncertainty' declaration within their report as a result of the additional uncertainty caused by the Covid-19 pandemic. Our opinion is not modified in respect of this matter.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Executive Director of Corporate Services's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Executive Director of Corporate Services has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Authority's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Executive Director of Corporate Services is responsible for the other information. The other information comprises the information included in the Statement of Accounts, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of the Executive Director of Corporate Services for the financial statements

As explained more fully in the Statement of Responsibilities, the Executive Director of Corporate Services is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20, and for being satisfied that they give a true and fair view. The Executive Director of Corporate Services is also responsible for such internal control as the Executive Director of Corporate Services determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The Executive Director of Corporate Services is required to comply with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2019/20 and prepare the financial statements on a going concern basis, unless the Authority is informed of the intention for dissolution without transfer of services or function to another entity. The Executive Director of Corporate Services is responsible for assessing each year whether or not it is appropriate for the Authority to prepare its accounts on the going concern basis and disclosing, as applicable, matters related to going concern.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Authority's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Matters on which we are required to report by exception under the Code of Audit Practice

We are required by the Code of Audit Practice to report to you if:

- we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014;
- we make a recommendation under section 24 of the Local Audit and Accountability Act 2014; or
- we exercise any other special powers of the auditor under sections 28, 29 or 31 of the Local Audit and Accountability Act 2014.

We have nothing to report in these respects.

Conclusion on Humberside Fire Authority's arrangements for securing economy, efficiency and effectiveness in the use of resources

Conclusion

On the basis of our work, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General in April 2020, we are satisfied that, in all significant respects, Humberside Fire Authority has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2020.

Basis for conclusion

We have undertaken our review in accordance with the Code of Audit Practice issued by the Comptroller and Auditor General, having regard to the guidance on the specified criterion issued in April 2020, as to whether the Authority had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people. The Comptroller and Auditor General determined this criterion as that necessary for us to consider in satisfying ourselves whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2020.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to form a view on whether, in all significant respects, the Authority had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

Responsibilities of the Authority

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

We are required under section 20(1)(c) of the Local Audit and Accountability Act 2014 to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice requires us to report to you our conclusion relating to proper arrangements. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Use of the audit report

This report is made solely to the members of Humberside Fire Authority as a body, in accordance with part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 44 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the members of the Authority those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the members of the Authority, as a body, for our audit work, for this report, or for the opinions we have formed.

Certificate

We certify that we have completed the audit of Humberside Fire Authority in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice.

Narrative Report by the Executive Director of Corporate Services/Section 151 Officer

Introduction

The Statement of Accounts summarises the financial performance of the Authority for year ended 31 March 2020. These accounts have been prepared in accordance with the requirements of the Code of Practice on Local Authority Accounting in the United Kingdom 2019/20 published by the Chartered Institute of Public Finance and Accountancy (CIPFA).

The purpose of the narrative report is to offer interested parties a fair, balanced and easily understandable guide to the most significant matters reported in the accounts. The inevitable use of technical language has been kept to a minimum. A 'Glossary of Terms' (to help explain some of the technical terms) can be found in the appendices.

Organisational Overview

About Humberside Fire and Rescue Service

Humberside Fire and Rescue Service (HFRS) serves the communities within the areas of East Riding of Yorkshire Council, Kingston upon Hull City Council, North East Lincolnshire Council and North Lincolnshire Council. Governance of Humberside Fire and Rescue Service is provided via the Humberside Fire Authority (HFA) made up of Elected Members nominated by each local authority. HFA is responsible for providing, training and equipping a Fire and Rescue Service capable of undertaking the following functions:

1. Fire prevention
2. Fire safety
3. Firefighting and rescue
4. Road traffic collision extrication and rescue
5. Other emergency rescue activities including responding to flooding and terrorist attack
6. Special discretionary services (these are subject to charging)

HFRS serves a population of almost one million people, across a geographically and demographically diverse area of 1,358 square miles. Each of the Unitary Authority areas present us with different challenges, consisting of urban, rural and coastal communities with some affluent areas and some areas suffering from significant deprivation.

Our service area also includes a broad range of industrial and heavy commercial risks; we have the second highest number of high hazard industrial sites in the UK. These include major petrochemical sites, natural gas storage, pharmaceutical industries and large port complexes. Almost a quarter of the UK's sea borne trade passes through the Humber ports of Hull, Immingham, Grimsby and Goole including 25 percent of the country's petroleum.

A detailed assessment of risk is completed each year in the form of an Integrated Risk Management Plan (IRMP), this includes a wide ranging assessment of both risk and the mitigation measures we have in place. The IRMP is published on our website at: http://www.humbersidefire.gov.uk/uploads/files/IRMP_2018-21.pdf

Key Statistics:

Number of fire stations: 31

Number of fire engines: 46 frontline and 10 reserve

Number of specialist emergency response vehicles: 25

Number of Co-Responding and Falls vehicles: 18

Number of staff: 1,030

- **What we do**

We have a legal duty to provide a fire and rescue service that meets the needs of the local communities. We are prepared to deal with a wide-range of emergencies, from house fires and road traffic collisions, to floods and chemical spills. We are also responsible for the enforcement of fire prevention, petroleum, and explosives legislation. We work with our communities to help keep people and property safe, providing a fire and rescue service for the people that live, work and visit the Humberside area.

We have recently introduced intervention schemes aimed at assisting the health service. Our emergency medical response teams are trained to respond immediately to life threatening calls received by the ambulance service, providing first responder intervention and increasing the chances of survival. In partnership with other agencies in the Hull area we have formed a Falls Intervention Response Safety Team, to deal with non-immediate life threatening incidents, predominantly following a fall, aiming to prevent the medical impact of such incidents increasing and to reduce the impact of less urgent calls on frontline services for both the health service and HFRS.

We believe the most effective way to save lives, reduce injuries and thus reduce the broader community impact from emergencies is to reduce the number of incidents that occur. To help us do this, we work closely with partner organisations and communities to develop and deliver initiatives aimed at preventing emergency incidents, including:

- ✓ Dedicated teams employed to work within the community as Safety Advocates to access and engage with those people most vulnerable to fire, providing information, education and where necessary, additional protection measures.
- ✓ We have legal responsibilities to enforce fire safety legislation and we do this by providing free advice to businesses to support compliance with legislative requirements. If it is necessary, to keep the public and our firefighters safe, we will prohibit or restrict the use of premises and prosecute persons responsible for breaches of legislation.
- ✓ We support and signpost people who are vulnerable from issues not directly related to the fire service such as older people who may be at risk from severe weather, or household security.
- ✓ We actively engage with other organisations to improve the safety of the community, including providing wide ranging education programmes from school visits to The Prince's Trust programmes.

- **When Emergency Incidents Do Occur**

When we do have to attend emergency incidents our response performance is measured against locally determined response standards. As with many other public services we are facing challenging economic times, which can impact upon our resources. Despite this we routinely get fire engines to incidents quicker than our target time and we will continue to strive to make our communities safer from the risk of fire.

Our Incident Response Standards:

We will send two fire engines to every fire in a home and to road traffic collisions. On at least 90% of occasions, the first fire engine will be there in the following times:

High Risk Area: 8 Minutes

Medium Risk Area: 12 Minutes

Low Risk Area: 20 Minutes

Road Traffic Collision: 15 Minutes

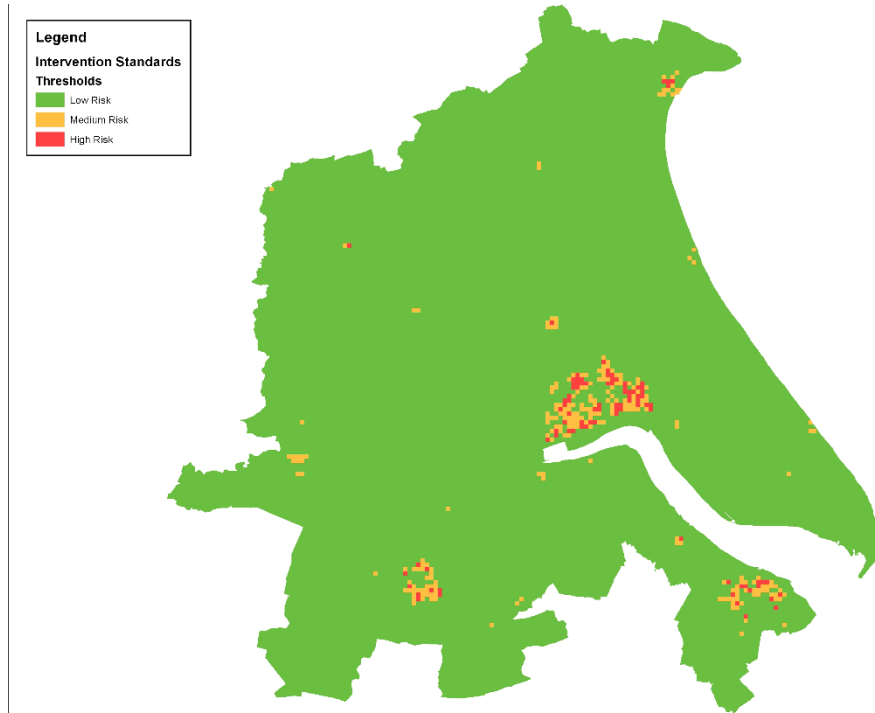

Secondly, on at least 80% of occasions we will get a second fire engine to the incident within five minutes of the first one arriving.

Optimum Crewing Model – Our optimum crewing availability model is informed and managed against Service intervention standards which are: 100% Full-Time, 95% On-Call (First Engine) & 80% On-Call (Second Fire Engine).

The following table provides an overview of emergency incident response and our performance, additional information regarding our performance and other details relating to audit and assurance are available at: <http://www.humbersidefire.gov.uk/about-us/our-vision/our-performance>

Strategic Objective	Service Performance Indicator Number	Service Target 2019-20	Actual Performance 2019-20
Preventing loss of life, injuries and the community impact from emergency incidents.	SPI 1: Total Fatalities	Aspirational Zero	2
	SPI.1: Total Casualties	Aspirational Zero	31
Responding quickly and effectively to emergencies when requested.	SPI 2: 1 st Fire Engine Intervention	On 90% of occasions	96.96%
	SPI 2.1: 2nd Fire Engine Intervention	On 80% of occasions	89.12%
	SPI 2.2: Total Deliberate Primary Fires	549	498
	SPI 2.3: Total Accidental Fires	395	429
	SPI 2.4: Total Deliberate Secondary Fires	1,986	2,029
	SPI 2.5: Total Automated Fire Alarms in non-domestic property	1,402	1,236

Risk Map:

Fire Station Locations:

Key Statistics:

The last year has seen a decrease in the number of fire related incidents we attended, we continue to work with partners to identify and address the underlying causes. There has been a positive decrease in the number of Automated Fire Alarms in non-domestic properties we attend. Intervention and availability standards have been exceeded in this year.

Our Strategic Plan

We have introduced our Strategic Plan on a page from 2018. A copy of this can be found over the page.

Strategic Plan: 2018–2021

Keeping communities in the Humber area safe, keeping our firefighters safe, and contributing to the firefighting and rescue capabilities of the United Kingdom.

The Authority's Accounts for the year 2019/20 are set out on pages 1-70 and in addition to this narrative report they consist of:

The Statement of Responsibilities details the responsibilities of the Authority and the Executive Director of Corporate Services/S.151 Officer for the Accounts. This statement is signed and dated by the Executive Director of Corporate Services/S.151 Officer under a statement that the Accounts give a True and Fair View of the financial position of the Authority at the accounting date and its income and expenditure for the year ended 31 March 2020.

The Movement in Reserves Statement shows the movement in the year on the different Reserves held by the Authority. This statement is split into usable and unusable Reserves; the usable Reserves are those that can be used by the Authority to fund expenditure; and the unusable Reserves are those Reserves that are required to mitigate the effect of some transactions on council tax and those Reserves that are created to mitigate unrealised gains and losses.

The Comprehensive Income and Expenditure Statement shows the accounting cost of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. The Authority raises taxation in accordance with regulations which are different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement (the movement on usable reserves).

The Balance Sheet which shows the value of the Assets and Liabilities recognised by the Authority at the Balance Sheet date.

The Cash Flow Statement which shows the changes in cash and cash equivalents during the year. This statement shows how the Authority generates and uses its cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

The Pension Fund Account which shows the movements relating to the Firefighters' Pension Fund.

2019/20 Financial Year

Since 2011/12 the Authority has suffered a circa 40% reduction in external funding which equates to approximately £11.5m.

Despite these significant challenges the Authority continues to take a very prudent approach to its finances. To this end, £11.5m of efficiencies have been implemented over the years 2011 to 2019.

Historically, the Authority has lived within its means and delivered a modest underspend in recent years. The 2019/20 financial year has seen the Authority deliver a small underspend which signifies a tightening of available financial resources coupled with an increase in cost pressures, e.g. the costs associated with the recruitment and training of firefighters and also pressure from annual pay awards for staff.

The Authority's position over the medium-term is sound, but careful attention will need to be paid to any cost pressures arising and also any changes to the funding mechanism that is used by Government for Fire and Rescue Services.

The medium-term position will be kept under continuous review particularly in the context of the Service's response to the current COVID-19 pandemic. Limited costs were incurred in the 2019/20 financial year but the expenditure is more significant in the current 2020/21 financial year. Government has allocated funding to Local Authorities and Fire and Rescue Services to help meet these costs (£919K allocated to Humberside Fire Authority). The impacts beyond the immediate future may also be on the Authority's precept/council tax income if collection rates are adversely impacted by the COVID-19 pandemic. This will be monitored carefully during 2020/21.

Income

In 2019/20, the Authority received Revenue Support Grant and an allocation of pooled National Non-Domestic Rates directly from Central Government. It also sets a Precept (council tax) throughout the Humberside area for the balance of its expenditure requirements. The Precept set for 2019/20 was £22.99m (2018/19 was £21.97m) which equated to a Council Tax Band D Equivalent of £84.94 (2018/19 was £82.51).

Expenditure

Budget Outturn Position

Income of £48.677m was received by the Authority of which £48.557m was incurred on expenditure during 2019/20 leaving a surplus of £120k (appendix 2 shows how this reconciles with the Movement in Reserves Statement and the Expenditure and Funding Analysis in note 2).

Analysis of the Major Revenue Variances (a comprehensive table is presented in Appendix 2)

Pay Variances

During 2019/20, the overall pay variance on full-time firefighter, on-call firefighter and support staff pay was an under-spend of £287k. This was due to a combination of having a number of support posts vacant as well as lower pension contributions as staff tapered into the 2015 Firefighters Pension Scheme.

Non Pay Variances

During 2019/20, the overall variance across all non-pay budgets was an over-spend of £684k. This was primarily due to additional repairs and maintenance of firefighter kit due to age, purchase of additional IT equipment and software.

Income

During 2019/20 the Authority received £517k additional income relating mainly to staff secondments, the Hull Falls Intervention Response Safety Team, the Road Safety team, delivery of BTEC courses and rental of PPE and plant to HFR Solutions.

Capital Expenditure

During 2019/20 £2.3m was invested in capital projects. These projects include various building works across the estate, replacement programmes for vehicles, operational equipment and IT replacement. (A more detailed breakdown is provided in Appendix 3).

Financing of Capital Expenditure

The Authority has a rolling capital programme that is reviewed throughout the year. The programme is financed by external borrowing, capital receipts and revenue contributions.

Humberside Fire Authority Reserves

Balances at 1 April 2019 stood at £10.190m. £634k was transferred to Earmarked Reserves during 2019/20. £12k was transferred from the General Reserve and by adding £120k, the surplus for the year, balances at 31st March 2020 now stand at £10.932m (exclusive of the ESFM (Humberside) Ltd Reserve).

Future Spending Plans

The Authority has published a Medium-Term Financial Plan for 2020/21 – 2023/24 which sets out the overall shape of the Authority's budget. It establishes how available resources will best deliver corporate objectives and mitigate corporate risks identified in the Strategic Plan. The current level of borrowing, including long-term leases held by the Authority, is £14.584m. The operational boundary is £25.1m and the authorised limit is

£31.1m (these are part of the Authority's prudential indicators that have been previously agreed in the Authority's Treasury Management report; Fire Authority March 2020).

International Accounting Standard 19 (IAS 19)

IAS 19 requires employers to report the full cost of pension benefits as they are earned, regardless of whether they have been paid for. The total liability is £618.389m (2018/19 was £658.379m); this is split between the Local Government Pension Scheme £5.619m (2018/19 was £10.489m) and the Firefighters' Pension Scheme £612.770m (2018/19 was £647.890m). The Authority's liability includes the Firefighters' Pension Scheme 1992, the Firefighters' Pension Scheme 2006, Firefighters' Pension Scheme 2015 and the Modified Firefighters' Pension Scheme. It should be noted that IAS 19 does not impact upon the level of balances held by the Authority. (Under IAS19 injury awards are now recognised in the accounts of the Authority).

Humberside Fire Authority Pension Fund Account

The Financial Statements include a separate section for the Humberside Fire Authority Pension Fund Account. Under the pension funding arrangements each Authority in England is required by legislation to operate a Pension Fund and the amounts that must be paid into and out of the fund are specified by regulation.

Change in Statutory Function

There have been no changes to the Authority's statutory functions during 2019/20.

Significant Change in Accounting Policies

There have been no significant changes to the accounting policies used by the Authority.

Material Events after 31 March

Adjusting Event – McCloud

On 16 July 2020, HM Treasury published consultation on the remedy in relation to the McCloud judgement in relation to Pensions. Note 4 of these accounts have been adjusted to reflect these changes as they impact on the net liability of the Firefighters' Pension Fund.

Non Adjusting Event – COVID19

The medium-term position will be kept under continuous review particularly in the context of the Service's response to the current COVID-19 pandemic. Limited costs were incurred in the 2019/20 financial year but the expenditure is more significant in the current 2020/21 financial year. Government has allocated funding to Local Authorities and Fire and Rescue Services to help meet these costs (£919K allocated to Humberside Fire Authority). The impacts beyond the immediate future may also be on the Authority's precept/council tax income if collection rates are adversely impacted by the COVID-19 pandemic. This will be monitored carefully during 2020/21.

We will continue to respond to the Covid-19 pandemic and continue to work with relevant partners to mitigate the impact of Covid-19 on our local communities, and to work together with others to promote recovery to a state of normality. We will deliver a structured recovery phase that will focus on improving the service by embedding the lessons learned around remote engagement with the public, partnership working and organisational efficiency.

Going Concern

The savings proposals previously agreed have resulted in a balanced budget for 2020/21 and over the life of the Medium-Term Financial Plan. The Authority will remain a Going Concern.

Further Information

The Statement of Accounts is intended to give electors, Members, employees and other interested parties clear information about the Authority's finances. I would welcome any comments, which would help to improve the information. To this end a questionnaire has been devised and included in the Accounts.

Further information about the accounts is available from the Finance Section, Service Headquarters, Summergroves Way, Hull, HU4 7BB. In addition, interested members of the public have a statutory right to inspect the accounts before the audit is completed. The availability of the accounts for inspection is advertised in the local press throughout the Humberside area and on the Authority's website www.humbersidefire.gov.uk.

Acknowledgment

I would like to express my appreciation to Martyn Ransom, Shaun Edwards and colleagues within the Finance team for their assistance in compiling the financial statements.

Kevin J Wilson BSc Econ (Hons), FCPFA

Executive Director of Corporate Services/Section 151 Officer – June 2020

Statement of Responsibilities for the Statement of Accounts

The Authority's Responsibilities

The Authority is required:

- To make arrangements for the proper administration of its financial affairs and to ensure that one of its officers has the responsibility for the administration of those affairs. In this Authority that officer is the Executive Director of Corporate Services and Section 151 Officer;
- To manage its affairs to ensure economic, efficient and effective use of resources and to safeguard its assets;
- To approve the Statement of Accounts.

I confirm that these accounts were approved at the Fire Authority meeting held on 27 November 2020.

Signed	Date
---------------	-------------

Executive Director of Corporate Services and Section 151 Officer Responsibilities

The Executive Director of Corporate Services and Section 151 Officer is responsible for the preparation of the Authority's Statement of Accounts which, in accordance with the *Code of Practice on Local Authority Accounting in Great Britain* (the 'Code of Practice'), issued by the Chartered Institute of Public Finance and Accountancy (CIPFA) is required to present fairly the financial position of the Authority at the accounting date, and its income and expenditure for year ended 31 March 2020.

In preparing this Statement of Accounts, the Executive Director of Corporate Services/Section 151 Officer has:

- Selected suitable accounting policies and then applied them consistently;
- Made judgements and estimates that were reasonable and prudent;
- Complied with the Code of Practice.

The Executive Director of Corporate Services and Section 151 Officer has also:

- Kept proper accounting records which are up to date;
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

In accordance with regulation 9(1) of the Accounts and Audit Regulations 2015, I certify that the attached Statement of Accounts presents a True and Fair View of the financial position of the Authority as at 31 March 2020 and its income and expenditure for the year

Signed 	Date 17 November 2020
---	---------------------------------

STATEMENT OF ACCOUNTS
MOVEMENTS IN RESERVES STATEMENT

This statement shows the movement in the year on the different Reserves held by the Authority, analysed into 'Usable Reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other Reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the Authority's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different to the statutory amounts required to be charged to the General Reserve Balance for council tax setting purposes. The Net Increase / (Decrease) before transfers to Earmarked Reserves shows the statutory General Fund before any discretionary transfers to or from Earmarked Reserves undertaken by the Authority.

2019/20

COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

This statement shows the accounting cost in the year for providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

Year ended 31 March 2019				Year ended 31 March 2020

The accompanying notes form part of these Financial Statements.

BALANCE SHEET

The Balance Sheet shows the value as at the Balance Sheet date, of the Assets and Liabilities recognised by the Authority. The net Assets of the Authority (Assets less Liabilities) are matched by the Reserves held by the Authority. Reserves are reported in two categories; the first category of Reserves are usable Reserves, i.e. those Reserves that the Authority may use to provide services, subject to the need to maintain a prudent level of Reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt); the second category of reserves includes amounts that would only become available to provide services if the assets were sold; and Reserves that hold a timing difference as shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations.'

31 March 2019		31 March 2020
£'000	Note(s)	£'000

<u>(617,052) Total Reserves</u>		<u>(578,994)</u>

The accompanying notes form part of these Financial Statements.

CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the Authority during the accounting period. The statement shows how the Authority generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Authority are funded by way of taxation and grant income or from the recipients of services provided by the Authority. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Authority's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Authority.

Notes to the Financial Statements

1. Accounting Policies

The Financial Statements must meet the accounting requirements of the CIPFA Code of Practice on Local Authority Accounting which has been agreed with HM Treasury. Consequently, the following financial statements have been prepared in accordance with the CIPFA Code of Practice on Local Authority Accounting 2019/20. The accounting policies contained in the CIPFA Code of Practice follow International Financial Reporting Standards to the extent that they are meaningful and appropriate to Local Authority Accounts, as determined by HM Treasury, who are advised by the Financial Reporting Advisory Board. Where the CIPFA Code of Practice on Local Authority Accounting permits a choice of accounting policy, the accounting policy which is judged to be the most appropriate to the particular circumstances of the Authority for the purpose of presenting fairly the position of the Authority is selected. The particular policies adopted by the Authority are described below and they have been applied consistently in dealing with items considered material in relation to the Accounts.

Accounting Convention

These Accounts have been prepared under the historical cost convention, modified to account for the revaluation of property, plant and equipment, intangible assets and inventories. Where appropriate, financial assets and liabilities have been impaired or discounted to bring them to fair value.

Acquisitions and Discontinued Operations

Activities are considered to be 'acquired' only if they are taken on from outside the public sector. Activities are considered to be 'discontinued' only if they cease entirely. They are not considered to be 'discontinued' if they transfer from one public sector body to another. The Authority has not acquired or discontinued any operations during the reporting period.

Going Concern

After making enquiries, the Authority has formed a judgement, at the time of approving the Financial Statements that there is a reasonable expectation that the Authority has access to adequate resources to continue in operational existence for the foreseeable future. For this reason, the Authority continues to adopt the Going Concern basis in preparing the accounts.

Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In the application of the Authority's accounting policies, management are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from those estimates and the estimates and underlying assumptions are continually reviewed. Revisions to accounting estimates are recognised in the period in which the estimate is revised and if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgements in Applying Accounting Policies

In applying the accounting policies of the Authority, the Authority has had to make certain judgements about complex transactions or those involving uncertainty about future events. Where a critical judgement is required for the accounts, the judgement is made using the knowledge and experience of relevant officers.

The Authority has to decide whether the leases it enters into should be treated as operating or finance leases and whether contractual arrangements it enters into have the substance of a lease. These judgements are made on the professional opinion of the Authority's valuers, accountants and procurement officer.

The Authority has to decide whether land and buildings owned by the Authority are investment properties. The Authority's valuers and accountants make judgements in accordance with IAS 40

Investment Property. It has been determined that the Authority does not have any investment property as it does not hold land and/or buildings solely for rental income or capital appreciation.

The Authority has to decide whether there is a group relationship between the Authority and other entities. The accountants assess each relationship that exists between the Authority and other entities that may result in a group accounts relationship.

The Authority has to decide whether the Authority's exposure to possible losses is to be accounted for as a Provision or a Contingent Liability. These decisions are taken by a combination of the Authority's accountants, solicitor and other relevant officers.

Judgement is required to determine whether the Authority can be reasonably assured that the conditions of grant and contribution monies received have been met before recognising them as income in the Comprehensive Income and Expenditure Statement. Where conditions require specified expenditure to have taken place, the grant monies will not be recognised until this happens. Equally, where conditions specify that a grant or contribution must be repaid in the event of non-expenditure, the income is not recognised until expenditure is incurred.

Key Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Authority about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates. The items in the Authority's Balance Sheet at 31 March for which there is a significant risk of material adjustment in the following financial year are as follows:

Pensions Liability and Reserve

Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected return on Pension Fund assets. Hymans Robertson (Actuaries) are contracted to provide an estimate of the net liability relating to the Local Government Pension Scheme. The Government Actuaries Department are contracted to provide an estimate of the net liability relating to the Firefighters' Pension Schemes.

Valuation and Depreciation Charges

Professional opinions of the values of land and buildings are made by Carter Jonas LLP, who are contracted to provide valuation advice to the Authority. Estimates of the useful lives of property, plant and equipment are made by the relevant officers who have knowledge of such issues based on their professional judgement.

Revenue

Revenue in respect of services provided is recognised when the performance occurs, and is measured at the Fair Value of the consideration receivable.

Where income is received for a specific activity that is to be delivered in the following year the income is deferred.

Goods are sold on an incidental basis. Income is recognised at the point the sale transaction occurs.

Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received in accordance with section 2.7 of IFRS15. In particular:

- Revenue from the provision of services is recognised when the Authority can measure reliably the completion of the transaction.
- Supplies are recorded as expenditure when they are consumed.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Fees, charges and rents due are accounted for as income at the date the Authority provides the relevant goods or services.

- Interest payable on borrowings and receivable on investments is accounted for as expenditure or income respectively on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where income and expenditure has been recognised but cash has not yet been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where it is doubtful that debts will be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

Overheads and Support Services

Management and Support Services form part of the overall net cost of service and are reflected as they are reported to management and the Fire Authority with the exceptions of the two headings below which are separately disclosed within net cost of services.

- Corporate and Democratic Core – costs relating to the democratic processes of the Authority and other corporate costs.
- Non Distributed Costs – the cost of discretionary benefits awarded to employees retiring early and impairment losses chargeable on Assets Held for Sale.

These two cost categories are accounted for as separate headings in the Comprehensive Income and Expenditure Statement as part of Cost of Services.

Agency Income

Precept income is collected on behalf of the Authority by the four unitary authorities (East Riding of Yorkshire Council, Kingston upon Hull City Council, North East Lincolnshire Council and North Lincolnshire Council). This income is collected under an agency arrangement with the Authority including an appropriate share of taxpayer transactions within the financial statements.

Employee Benefits

Benefits Payable during Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include benefits such as salaries, paid annual leave and flexitime, bonuses and non-monetary benefits (for example cars) for current employees and are recognised as an expense in the year in which employees render service to the Authority. The CIPFA Code of Practice on Local Authority Accounting requires the Authority to recognise the amount of untaken annual leave at the 31st March as a liability which is reflected on the Balance Sheet. To ensure consistency, annual leave costs have been reflected in the year in which the annual leave is taken and the value of the Liability has not been reflected in the financial statements if it is below £300,000. The annual leave Liability that has not been taken during 2019/20 was less than £300,000.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Authority to terminate an officer's employment before the normal retirement date or of an officer's decision to accept voluntary redundancy in exchange for those benefits. These are charged on an Accruals basis to the Comprehensive Income and Expenditure Statement at the earlier of when the Authority can no longer withdraw the offer of those benefits or when the Authority recognises costs for a restructuring.

When termination benefits involve the enhancement of pensions, statutory provisions require the General Fund Balance to be charged with the amount payable by the Authority to the Pension Fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

Retirement Benefits

Employees of the Authority are members of the following pensions schemes:

- The 1992, 2006, 2015 and Modified (1992) Firefighters' Pension Schemes (FPS) - these are unfunded schemes, which means that there are no investment assets built up to meet the pensions liabilities, and cash has to be generated to meet the actual payments as they fall due. The Authority is required by legislation to operate a Pension Fund, with the amounts that must be paid into or out of the Pension Fund being specified by regulation. The Authority set up a Pension Fund on 1 April 2006 from which pension payments are made and into which contributions, from the Authority and employees, are received. The Pension Fund receives a top-up grant from the Government equal to the deficit each year, with any surplus on the Pension Fund being repaid to the Government. The Pension Fund is shown separately in the Accounts.
- The Local Government Pension Scheme (LGPS) for support staff, administered by the East Riding of Yorkshire Pension Fund, is a funded scheme, which means that the Authority and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment Assets.

The above schemes provide defined benefits to members (retirement lump sums and pensions), earned as employees work for the Authority. They are accounted for in accordance with the requirements for Defined Benefits Schemes, based on the principle that an organisation should account for retirement benefits when it is committed to give them, even though this may be many years into the future.

A pensions Asset or Liability is recognised in the Balance Sheet, made up of the net position of retirement Liabilities and pension scheme Assets. Retirement Liabilities are measured on an actuarial basis using the projected unit method, by assessing the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates and projections of earnings for current employees. Pension scheme assets (LGPS only) attributable to the Authority are included at their Fair Value. The Authority currently has a net pensions liability and this is matched in the Balance Sheet by a Pensions Reserve.

The change in net pensions Liability during the year is analysed into the following components:

Service cost comprising:

- Current service cost – the increase in Liabilities as a result of service earned by employees in the current year. This is charged to services within the Comprehensive Income and Expenditure Statement.
- Past service cost – the increase in Liabilities as a result of a scheme amendment or curtailment whose effect relates to service earned in earlier years. This is part of Non Distributed Costs in the Comprehensive Income and Expenditure Statement.
- Net interest on the net defined benefit Liability – the change during the period in the net defined benefit Liability that arises from the passage of time. This is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit Liability at the end of the period, taking into account any changes in the net defined benefit Liability during the period as a result of contribution and benefit payments. This is charged to the Financing and Investment Income and Expenditure line within the Comprehensive Income and Expenditure Statement.

Remeasurements comprising:

- The return on plan assets (LGPS only) – this excludes amounts included in net interest on the net defined benefit Liability and is charged to the Pensions Reserve as Other Comprehensive Income and Expenditure
- Actuarial gains and losses – changes in the net pensions Liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the

actuaries have updated their assumptions. This is charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.

- Contributions paid / benefits paid – cash paid as employer's contribution by the Authority either to LGPS or directly to pensioners to reduce the scheme Liabilities.

Statutory provisions require that the amount charged to the General Fund Balance is that payable by the Authority to Pensions Funds or directly to pensioners during the year rather than that calculated under accounting standards. This means that an appropriation to or from the Pensions Reserve is done within the Movement in Reserves Statement to replace the notional sums for retirement benefits with the actual pensions costs. The negative balance on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Other Expenses

Other operating expenses are recognised when, and to the extent that, the goods or services have been received. They are measured at the Fair Value of the consideration payable.

Property, Plant and Equipment

Recognition

Property, plant and equipment is capitalised if:

- it is held for use in delivering services or for administration purposes;
- it is probable that service potential will be provided to the Authority;
- it is expected to be used for more than one financial year;
- the cost of the item can be measured reliably; and
- the item has a cost of at least £6,000.

Donated Assets are recognised at their value and are defined in the CIPFA Code of Practice on Local Government Accounting as those Assets that are transferred at nil value or acquired at less than Fair Value. Donated Assets that are from other public bodies are accounted for as a government grant (as required by IAS 20).

Valuation

All property, plant and equipment are measured initially at cost, representing the cost attributable to acquiring or constructing the Asset and bringing it to the location and condition necessary for it to be capable of operating in the manner intended by management. All Assets are measured subsequently at Fair Value.

Land and buildings used by the Authority are stated in the Balance Sheet at their re-valued amounts, being the Fair Value at the date of valuation. Revaluations are performed with sufficient regularity to ensure that carrying amounts are not materially different from those that would be determined at the end of the Reporting Period. Fair Values are determined as follows:

- Operational Buildings – Depreciated Replacement cost.
- Land and non-specialised buildings – market value for existing use.
- Vehicles, plant and equipment – historic cost less accumulated depreciation (as a proxy for current replacement cost).

Properties in the course of construction are carried at cost, less any impairment loss. Costs include professional fees but not borrowing costs, which are recognised as expenses immediately, as allowed by IAS 23 for assets held at Fair Value. Assets are re-valued and Depreciation commences when they are brought into use.

An increase arising on revaluation is taken to the Revaluation Reserve except when it reverses an impairment previously recognised in expenditure, in which case it is credited to expenditure to the extent of the decrease previously charged there. A revaluation decrease is recognised as an Impairment charged to the Revaluation Reserve to the extent that there is a balance on the Reserve for the Asset, and, thereafter, to expenditure. Gains and losses recognised in the Revaluation

Reserve are reported as other comprehensive income in the Comprehensive Income and Expenditure Statement.

Subsequent Expenditure

Where subsequent expenditure enhances an Asset beyond its original specification, the directly attributable cost is capitalised. Where subsequent expenditure restores the Asset to its original specification, the expenditure is capitalised and any existing carrying value of the item replaced is written-off and charged to the Comprehensive Income and Expenditure Statement.

Disposals

Capital receipts from the sale of non-current assets are held in the Capital Receipts Unapplied Account until such time as they are used to finance other Capital Expenditure or to repay debt. Gains and losses on the disposal of non-current assets are recognised in the Comprehensive Income and Expenditure Statement.

Intangible Assets

Recognition

Intangible assets are non-monetary Assets without physical substance, which are capable of sale separately from the rest of the Authority's business or which arise from contractual or other legal rights. They are recognised only when it is probable that future economic benefits or service potential will be provided to the Authority; where the cost of the Asset can be measured reliably, and where the cost is at least £6,000.

Intangible Assets recognised by the Authority are purchased IT software systems and are Amortised over 5 years.

Intangible Assets acquired separately are initially recognised at Fair Value. Software that is integral to the operating of hardware, for example an operating system is capitalised as part of the relevant item of property, plant and equipment. Software that is not integral to the operation of hardware, for example application software, is capitalised as an Intangible Asset.

Measurement

The amount initially recognised for internally-generated Intangible Assets is the sum of the expenditure incurred from the date when the criteria are initially met. Where no internally-generated Intangible Assets can be recognised, the expenditure is recognised in the period in which it is incurred.

Following initial recognition, Intangible Assets are carried at Fair Value by reference to an active market, or where no active market exists, at Amortised replacement cost (modern equivalent assets basis). Internally-developed software is held at historic cost to reflect the opposing effects of increases and development costs and technological advances.

Depreciation, Amortisation and Impairments

Assets under construction are not Depreciated. Otherwise, Depreciation and Amortisation are charged to write off the costs or valuation of property, plant and equipment and intangible non-current assets, less any residual value, over their Useful Economic Lives, on a reducing balance basis (with the exception of assets acquired under finance leases). The Useful Economic Life of an Asset is the period over which the Authority expects to obtain economic benefits or service potential from the Asset. This is specific to the Authority and may be shorter than the physical life of the Asset itself. The Useful Economic Life and Residual Values are reviewed each year end, with the effect of any changes recognised on a prospective basis. The approximate average useful lives (depreciation periods) are categorised below:

- | | |
|---|----------|
| • Buildings | 40 years |
| • Vehicles – Fire Appliances | 15 years |
| • Vehicles – Lorries and Vans | 7 years |
| • Vehicles – Non FDS Cars and Light Vans | 7 years |
| • Vehicles – FDS Cars | 5 years |
| • Equipment | 5 years |
| • Specialised Equipment (e.g Breathing Apparatus) | 10 Years |

Assets acquired under Finance Leases are Depreciated over the term of the lease (or the life of the asset if this is lower than the term of the lease) on a straight line basis.

At each reporting period end, the Authority checks whether there is any indication that any of its tangible or intangible non-current Assets have suffered an impairment loss. If there is indication of an Impairment loss, the recoverable amount of the Asset is estimated to determine whether there has been a loss and, if so, its amount. Intangible Assets not yet available for use are tested for Impairment annually.

If there has been an Impairment loss, the Asset is written down to its recoverable amount, with the loss charged to the Revaluation Reserve to the extent that there is a balance on the Reserve for the Asset and, thereafter, to expenditure. Where an impairment loss subsequently reverses, the carrying amount of the Asset is increased to the revised estimate of the recoverable amount but capped at the amount that would have been determined had there been no initial impairment loss. The reversal of the impairment loss is credited to expenditure to the extent of the decrease previously charged there and thereafter to the Revaluation Reserve.

The Authority is not required to raise council tax to cover Depreciation, Impairment or Amortisation, however it is required to make an Annual Provision from its revenue budget to contribute towards the reduction in its overall borrowing requirement, the Minimum Revenue Provision (MRP). This is equal to 4% of the adjusted capital financing requirement at 31 March and subsequent supported borrowing, together with an amount equal to any Capital Expenditure funded from unsupported borrowing, apportioned over the Useful Economic Life of the Asset.

Government Grants

Government grants are grants from Government bodies. Revenue grants are matched against the expenditure to which they relate. Capital grants are credited to income once any conditions of the grant have been satisfied. Assets purchased from government grants are valued, Depreciated and Impaired as described for purchased Assets.

Non-Current Assets Held for Sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met when the sale is highly probable, the Asset is available for immediate sale in its present condition and management is committed to the sale, which is expected to qualify for recognition as a completed sale within one year from the date of classification. Non-current Assets held for sale are measured at the lower of their previous carrying amount and Fair Value less costs to sell. Fair Value is open market value including alternative uses.

The profit or loss arising on the disposal of an Asset is the difference between the sale proceeds and the carrying amount and is recognised in the Comprehensive Income and Expenditure Statement. On disposal, the balance for the Asset on the Revaluation Reserve is transferred to the Capital Adjustment Account.

Property, Plant and Equipment that is to be scrapped or demolished does not qualify for recognition as Held for Sale. Instead, it is retained as an operational Asset and its Useful Economic Life is adjusted. The asset is de-recognised when it is scrapped or demolished.

Leases

Leases are classified as Finance Leases when substantially all of the risks and rewards of ownership are transferred to the lessee. All other leases are classified as Operating Leases.

The Authority As A Lessee

The Authority has a single Asset held under a Finance Lease. The outstanding Liability relating to Finance Leases is reflected in the Authority's Balance Sheet, with the Assets acquired under Finance Leases added to the Authority's Asset register and the value reflected in the Property, Plant and Equipment total on the Balance Sheet. Interest costs relating to Finance Leases are reflected in the Comprehensive Income and Expenditure Statement. Payments for Finance Leases are made in equal amounts over the term of the lease. Operating Lease payments are recognised as an

expense on a straight-line basis over the lease term. Lease incentives are recognised initially as a Liability and subsequently as a reduction of rentals on a straight-line basis over the lease term. Where a lease is for land and buildings, the land and building components are separated. Leased land is treated as an Operating Lease. Leased buildings are assessed as to whether they are Operating Leases or Finance Leases.

Inventories

Inventories are valued at the lower of cost and Net Realisable Value using the average cost method. This is considered to be a reasonable approximation to Fair Value.

Cash and Cash Equivalents

Cash is cash in hand and deposits with any financial institution repayable without penalty on notice of not more than 24 hours. The balances on the current account and the business reserve account are cash. The balance in the liquidity manager account is a cash equivalent (as this is held for investment purposes until a sufficient balance is achieved and a short-term investment entered into).

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and that form an integral part of the Authority's cash management.

Provisions

Provisions are recognised when the Authority has a present legal or constructive obligation as a result of a past event, it is probable that the Authority will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the expenditure required to settle the obligation at the end of the reporting period, taking into account the risks and uncertainties.

Contingencies

A Contingent Liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Authority, or a present obligation that is not recognised because it is not probable that a payment will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. A Contingent Liability is disclosed unless the possibility of payment is remote.

A Contingent Asset is a possible Asset that arises from past events, the existence of which will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Authority. A Contingent Asset is disclosed where an inflow of economic benefits is virtually certain.

Where the time value of money is material, contingencies are disclosed at their present value.

Reserves

The Authority sets aside specific reserves for future policy purposes. The Authority has a number of revenue reserves:

- General Reserve
- Capital Funding Reserve
- Ark Reserve
- Resilience Reserve
- Emergency Services Fleet Management (Humberside) Ltd Reserve
- Insurance Reserve
- ESMCP Reserve

The Authority has three capital reserves:

- Capital Adjustment Account
- Revaluation Reserve
- Capital Receipts Reserve

Other reserves held by the Authority, are held to meet accounting requirements:

- Pensions Reserve
- Collection Fund Adjustment Account

Financial Assets

Financial assets are recognised when the Authority becomes party to the Financial Instrument contract or in the case of trade receivables, when goods or services have been delivered. Financial assets are derecognised when the contractual rights have expired or the Asset has been transferred. Financial Assets are initially recognised at Fair Value.

Financial Assets are classified into the following categories: Financial Assets at Fair Value through profit and loss; held to maturity investments; available for sale Financial Assets, and loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Loans and Receivables

Loans and receivables are non-derivative Financial Assets with fixed or determinable payments which are not quoted in an active market. After initial recognition, they are measured at Amortised cost using the Effective Interest Method, less any Impairment. Interest is recognised using the Effective Interest Rate Method.

Fair Value is determined by reference to quoted market prices where possible, or failing that by reference to similar arms-length transactions between knowledgeable and willing parties.

The Effective Interest Rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset.

At the end of the reporting period the Authority assesses whether any Financial Assets, other than those held at 'Fair Value through profit and loss' are impaired. Financial assets are impaired and Impairment losses recognised if there is objective evidence of impairment, as a result of one or more events which occurred after the initial recognition of the Asset and which has an impact on the estimated future cash flows of the Asset.

For Financial Assets carried at amortised cost, the amount of the Impairment loss is measured as the difference between the Assets carrying amount and the present value of the revised future cash flows discounted at the Asset's original effective interest rate. The loss is recognised in expenditure and the carrying amount of the Asset reduced directly.

If, in a subsequent period, the amount of the Impairment loss decreases and the decrease can be related objectively to an event occurring after the Impairment was recognised, the previously recognised impairment loss is reversed through expenditure to the extent that the carrying amount of the receivable at the date of the Impairment is reversed does not exceed what the amortised cost would have been had the Impairment not been recognised.

Financial Liabilities

Financial Liabilities are recognised in the Balance Sheet when the Authority becomes party to the contractual provisions of the Financial Instrument or, in the case of trade payables, when the goods or services have been received. Financial liabilities are derecognised when the liability has been discharged, that is, the Liability has been paid or expired. Financial Liabilities are recognised at Fair Value.

Foreign Currencies

The Authority's functional currency and presentational currency is sterling. Transactions denominated in a foreign currency are translated into sterling at the exchange rate ruling on the date of transactions. At the end of the Reporting Period, monetary items denominated in foreign currencies are retranslated at the spot exchange rate on 31 March. Resulting exchange gains and losses from either of these are recognised in the Authority's surplus/deficit in the period in which they arise.

Joint Operations

Joint operations are activities undertaken by the Authority in conjunction with one or more other parties but which are not performed through a separate entity.

Accounting Standards That Have Been Issued But Have Not Yet Been Adopted

- IFRS 16 Leases

The above accounting standards have been issued but are not be adopted until 1st April 2021. This is not expected to have a material impact on future financial statements.

Accounting Standards Issued That Have Been Adopted Early

There are no accounting standards issued that have been adopted early.

Exceptional Items

Exceptional items shall be included in the costs of the service to which they relate and noted accordingly.

Prior Period Adjustments

Unless otherwise sanctioned by the Code of Practice on Local Authority Accounting, material prior period adjustments shall result in restatement of prior year figures and disclosure of the effect.

Events After The Reporting Period

Material events after the Balance Sheet date shall be disclosed as a note to the Accounts and amended in the Accounts as required. Other events after the Balance Sheet date will be disclosed in a note with an estimate of the likely effect.

Group Accounts

Each reporting period the Authority will review its interests and influence on all types of entities including, but not limited to, other authorities and similar statutory bodies, common good trust funds, charities, companies, joint committees and other joint arrangements. If appropriate, then Group Accounts will be prepared in accordance with the Code of Practice on Local Authority Accounting.

VAT

Where output tax is charged or input VAT is recoverable, the amounts are stated net of VAT. Irrecoverable VAT is charged to the relevant expenditure category or included in the capitalised purchase cost of Non-Current Assets.

2. Expenditure and Funding Analysis

The objective of the Expenditure and Funding Analysis is to demonstrate to council tax payers how the funding available to the Authority (i.e government grants, council tax and business rates) for the year has been used in providing services in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. The Expenditure and Funding Analysis also shows how this expenditure is allocated for decision making purposes within the Authority. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

Year ended 31 March 2019

£'000	£'000	£'000

3. Material Risk and Uncertainty

Item	Uncertainties	Effect if actual results differ from assumptions
Pensions Liability (Firefighters' Pension Scheme)	The estimation of the net Liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement and mortality ages. The Authority receives advice from two separate actuaries, one for the Firefighters' Pension Schemes and one for the Local Government Pension Scheme.	The opening balance on the Firefighters' pension Liabilities at 1 April 2019 was £647.910m. The effects on the net pension Liabilities of changes in individual assumptions can be measured. For instance a 0.5% decrease in the discount rate would result in an increase in the pension liabilities of £57m. However, the assumptions interact in complex ways so changes in individual assumptions should be treated with caution.
Pensions Liability (Local Government Pension Scheme)	The estimation of the net Liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement and mortality ages and expected returns on investment funds. The Authority receives advice from two separate actuaries, one for the Firefighters' Pension Scheme and one for the Local Government Pension Scheme.	The opening balance on the Local Government pension Liabilities at 1 April 2019 was £51.544m (The opening balance on scheme Assets was £41.055m). The effects on the net pension Liabilities of changes in individual assumptions can be measured. For instance a 0.5% decrease in the real discount rate would result in an increase in the pension Liabilities of £4.998m. However, the assumptions interact in complex ways so changes in individual assumptions should be treated with caution.
Material Valuation Uncertainty – Pension Fund Unquoted Investments and Property Valuations	In March 2020 the World Health Organisation declared the outbreak of COVID-19 as a global pandemic which led initially to a material negative impact in publicly quoted markets. This caused additional uncertainty in the valuation of unquoted investments which are challenging to value even in normal market conditions. With regard to property valuations undertaken at 31 March 2020, valuers noted that they considered less weight could be attached to previous market evidence for comparison purposes, to inform opinions of value. Indeed, the current response to COVID-19 means that external valuers were faced with an unprecedented set of circumstances on which to base a judgement. Consequently, less certainty – and a higher degree of caution – should be attached to the valuations than would normally be the case, and the Pension Fund valuers reported their valuations on the basis of 'material valuation uncertainty'.	The opening balance on the Local Government pensions Assets as at 1 April 2019 was £41.055m. Any reduction in asset values would increase the overall liability on the Local Government Pension Scheme.
Property, Plant and Equipment	Assets are regularly re-valued by an external valuer to ensure values are a true reflection of the market at the 31 March. Asset values could be under or overstated. Depreciation is calculated based on the estimated useful life of the asset.	For each 1% of under/over statement the value of Property would need to be adjusted by £323k. The carrying value of Property, Plant and Equipment is £46.550m. If the estimated useful life is under or overestimated by one year then the depreciation charge to the Comprehensive Income and Expenditure would be increased or reduced by £193k. The Depreciation charge is £2.069m.

4. Pensions

Participation in Pension Schemes

As part of the terms and conditions of employment of its officers and other employees, the Authority offers retirement benefits. Although these will not actually be payable until employees retire, the Authority has a commitment to make the payments and these should be disclosed at the time that employees earn their future entitlement.

The Authority participates in five pension schemes:

- The 1992, 2006, 2015 and Modified (1992) Firefighters' Pension Schemes (FPS) - these are unfunded schemes, which means that there are no investment assets built up to meet the pensions liabilities, and cash has to be generated to meet the actual payments as they fall due. The Authority is required by legislation to operate a Pension Fund, with the amounts that must be paid into or out of the Pension Fund being specified by regulation. The Authority set up a Pension Fund on 1 April 2006 from which pension payments are made and into which contributions, from the Authority and employees, are received. The Pension Fund receives a top-up grant from the Government equal to the deficit each year, with any surplus on the Pension Fund being repaid to the Government. The Pension Fund is shown separately in the Accounts.
- The Local Government Pension Scheme for non-uniformed employees, administered by the East Riding of Yorkshire Council, is a funded scheme which means that the Authority and employees pay contributions into a fund, calculated at a level estimated to balance pension liabilities with investment assets.

The table below shows the key features of the four Firefighters' Pension Schemes and details of the Local Government Pension Scheme.

Key Features	1992 Firefighters' Scheme	2006 Firefighters' Scheme	Modified (1992) Pension Scheme	2015 Firefighters' Scheme	Local Government Pension Scheme
Status	Closed	Closed	Closed	Open	Open

Transactions Relating to Retirement Benefits

The costs of retirement benefits are recognised in the Net Cost of Services when they are earned by employees, rather than when the benefits are eventually paid as pensions. The charge the Authority is required to make against the levies raised is based on the cash payable in the year, so the real cost of retirement benefits is reversed out of the revenue account after Net Operating Expenditure.

The following transactions have been made in the Comprehensive Income and Expenditure Account during the year.

		Firefighters' 1992 Pension Scheme		Firefighters' 2006 Pension Scheme		Firefighters' 2015 Pension Scheme		Local Government Pension Scheme	
		2019/20 £'000	2018/19 £'000	2019/20 £'000	2018/19 £'000	2019/20 £'000	2018/19 £'000	2019/20 £'000	2018/19 £'000
<i>Net Cost of Service</i>									
	Current Service Cost	(1,990)	(2,790)	(360)	(370)	(11,720)	(5,950)	(2,513)	(2,083)
	Unfunded Benefits								
	Past Service Costs	(2,500)	(22,070)	2,690	(2,850)	-	-	-	(6)
<i>Net Operating Expenditure</i>									
	Interest Cost	(14,010)	(13,750)	(960)	(880)	(870)	(570)	(1,264)	(1,213)
	Expected Return on Assets in the Scheme							993	1,029
Retirement costs included in the Comprehensive Income and Expenditure Statement		(18,500)	(38,610)	1,370	(4,100)	(12,590)	(6,520)	(2,784)	(2,273)

In addition to the recognised gains and losses included in the Comprehensive Income and Expenditure Account (shown in the table above), actuarial gains of £65.949m were included in the Statement of Comprehensive Income and Expenditure, losses of £4.069m were included for 2018/19.

The estimated contributions payable to the Authority's pension schemes for 2020/21 is £7.024m. (£6.565m for 2019/20).

Actuarial gains and losses comprise:

- Experience adjustments (the effects of differences between the previous actuarial assumptions and what has actually occurred), and
- The effect of changes in actuarial assumptions.

Actuarial gains and losses are recognised in the Comprehensive Income and Expenditure Statement.

Assets and Liabilities in Relation to Retirement Benefits

Reconciliation of present value of the scheme Asset/Liabilities and Net Obligation of the Firefighters' Pension Schemes:

Period ended 31 March	Firefighters' 1992 Pension Scheme Assets		Firefighters' 1992 Pension Scheme Obligation		Firefighters' 1992 Pension Scheme Net Obligation		Firefighters' Injury Awards Assets		Firefighters' Injury Awards Obligation		Firefighters' Injury Awards Net Obligation

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

Reconciliation of opening and closing surplus/(deficit):

Firefighters' 2015 Pension Scheme	(3,860)	(11,330)	(18,530)	(28,740)	(41,110)
	<u>(516,257)</u>	<u>(622,803)</u>	<u>(606,110)</u>	<u>(658,379)</u>	<u>(618,389)</u>

The Fair Value of Assets in the above table have been restated as permitted by IAS 19.

The Liabilities show the underlying commitments that the Authority has in the long-run to pay retirement benefits. The total net Liability of £618.389m (£658.379m in 2018/19) has a substantial impact on the net worth of the Authority as recorded in the Balance Sheet, resulting in a negative overall balance of £578.994m (£617.052m in 2018/19). However, there are statutory provisions (most recently, S13 of the Local Government Act 2003) for funding any Local Authority deficit. In addition, the deficit on the Local Government Scheme will be made good by increased contributions over the remaining working life of employees as assessed by the scheme actuary.

Finance is only required to be raised to cover firefighters' pensions when pensions are actually paid, i.e. as they actually retire.

Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the Projected Unit Method by Hymans Robertson, an independent firm of actuaries for the Local Government Pension Scheme and by the Government Actuaries Department (GAD) in relation to the Firefighters' Pension Schemes. Estimates for the Local Government Pension Scheme administered by the East Riding of Yorkshire Council have been based on the latest full valuation of the scheme as at 31 March 2019.

The principal assumptions used by the actuaries have been:

	Local Government Pension Scheme		Firefighters' Pension Schemes	
	2019/20	2018/19	2019/20	2018/19
Long-term expected rate of return on assets in the scheme :				
Equity Investments	4.6%	8.7%		
Bonds	4.6%	8.7%		
Property	4.6%	8.7%		
Other	4.6%	8.7%		
Longevity at 65 for current pensioners:				
Men	20.9	21.7	21.3	21.9
Women	23.3	24.2	21.3	21.9
Longevity at 65 for future pensioners: (45 for Firefighters' Pension Scheme)				
Men	21.8	23.7	23.0	23.9
Women	24.8	26.4	23.0	23.9
Rate of Inflation	1.8%	2.5%	2.0%	2.4%
Rate of increase in salaries	2.7%	2.7%	4.0%	4.4%
Rate of increase in pensions	1.8%	2.5%	4.0%	4.4%
Rate for discounting scheme liabilities	2.3%	2.4%	2.3%	2.5%
Take-up of option to convert annual pension into retirement lump sum	60.0%	60.0%	25.0%	25.0%

Mortality rates are projected to 2008 using the standard '92-series' mortality improvements and rated down one year. Future mortality improvements from 2008 are in line with the 2008-based UK national population projections.

Assets

Firefighters' Pension Schemes have no Assets to cover their Liabilities. Assets in the Local Government Pension Scheme administered by the East Riding of Yorkshire Council are valued at bid value and consist of the following categories, of the total Assets held by the East Riding Pension Fund:

Asset Category	Period Ended 31 March 2020				Period Ended 31 March 2019			
	Quoted prices in active markets	Quoted prices not in active markets	Total	Percentage of Total Assets	Quoted prices in active markets	Quoted prices not in active markets	Total	Percentage of Total Assets

Experience gains and (losses) on liabilities	46.39	(42.58)	(66.05)	(2.07)	4.73
Firefighters' Pension Scheme 2015					
Experience gains and (losses) on liabilities	n/a	(77.20)	(1.68)	(10.75)	7.83

The Fire Authority of Humberside, along with other Fire Authorities, currently have a number of claims lodged against them with the Central London Employment Tribunal.

The claims are in respect of alleged unlawful discrimination arising from the Transitional Provisions in the Fire Pension Regulations 2015.

Claims of unlawful discrimination have also been made in relation to the changes to the Judiciary and Firefighters Pension regulations.

The Central London Employment Tribunal have upheld the claims and the remedy needed to make good these claims is currently under development by government and will be published in the future.

The Actuaries (GAD and Hymans Robertson) have included a reasonable estimate for the effect of the McCloud judgement within the overall scheme liabilities.

The impact of an increase in scheme liabilities arising from these claims will be measured through the pension valuation process, which determines employer and employee contribution rates.

The next Fire Pension valuation is due to take place in 2020 with implementation of the results planned for 2023/24 and Fire Authorities will need to plan for the impact of this on employer contribution rates alongside other changes identified through the valuation process.

The impact of an increase in annual pension payments arising from McCloud / Sargeant is determined through The Fire Pension Fund Regulations 2007.

These require a Fire Authority to maintain a fire pension fund into which officer and employer contributions are paid and out of which pension payments to retired officers are made. If the fire pension fund does not have enough funds to meet the cost of pensions in year the amount required to meet the deficit is then paid by the Secretary of State to the Fire Authority in the form of a central government top-up grant.

Explanation of Movements in Year		
Increase/(Decrease) in the Underlying Need to Borrow		
Unsupported by Government Financial Assistance	1,042	2,168
	<u>1,042</u>	<u>2,168</u>

Valuation of Property carried at Current Value

The following statement shows the progress of the Authority's rolling programme for the revaluation of non-current Assets. The valuation of the building stock is carried out by the Carter Jonas LLP and has an effective date of 1 April each year. The basis for valuation of the different categories of Asset is set out in note 1 of the Notes to the Financial Statements.

2019/20

	Operational Assets			Non Operational Assets		Total £'000
	Other Land & Buildings	Vehicles	Plant & Equipment	Assets Under Construction	Surplus Assets	
	£'000	£'000	£'000	£'000	£'000	
Value as at Historical Cost		11,575	2,593	75		14,243
Value at Current Value in:						
2019/20	10,967					10,967
2018/19	1,391				180	1,571
2017/18	19,575					19,575
Value as at 31 March 2020	31,933	11,575	2,593	75	180	46,356
Nature of asset holding						
Leased	744					744
Owned	31,189	11,575	2,593	75	180	45,612
	31,933	11,575	2,593	75	180	46,356

Note: the above valuations as at 31 March 2020 are net of accumulated Depreciation to that date.

2018/19

	Operational Assets			Non Operational Assets		Total £'000

Leased	770					770
Owned	32,381	11,525	2,386	648	190	47,130
	33,151	11,525	2,386	648	190	47,900

Capital Expenditure

Capital Expenditure incurred by the Authority during 2019/20 with comparatives for 2018/19 and the sources of financing are as follows:

Category of Asset	2019/20 £'000	Category of Asset	2018/19 £'000
Land & Buildings (Including those under Construction)		Land & Buildings (Including those under Construction)	
Clough Road Training	196	Clough Road Training	13
Bridlington	34	Kirton Lindsey	137
Service Headquarters	162	Service Headquarters	20
Goole	13	Barton	3
Howden	5	Market Weighton	3
Scunthorpe	36	Brough	12
Cleethorpes	49	Calvert Lane	3
Dignity Works	470	BA Training	368
Ark	8	Ark	36
Co-Location	3		
Vehicles (including those under Construction)	500	Vehicles (including those under Construction)	1,756
Plant & Equipment (Including Equipment under Construction)		Plant & Equipment (Including Equipment under Construction)	
IT Equipment	706	IT Equipment	297
Equipment	78	Equipment	286
Intangibles		Intangibles	37
	2,260		2,971
Source of Finance	£'000	Source of Finance	£'000
Loans - Unsupported Borrowing	2,251	Loans - Unsupported Borrowing	2,257
Capital Contributions (including capital receipts)	9	Capital Contributions (including capital receipts)	714
	2,260		2,971

The Authority had outstanding commitments under capital contracts as at 31 March 2020 to the value of £1.075m which will take place during 2020/21.

Finance Leases

The Authority has a building that has been acquired under a finance lease. This asset is carried as Property, Plant and Equipment in the Balance Sheet at the following net amounts:

	2019/20 £'000	2018/19 £'000
Property, Plant and Equipment	744	770
	744	770

The Authority is committed to making minimum payments under these leases comprising settlement of the long-term liability for the interest in the property acquired by the Authority and finance costs that will be payable by the Authority in future years while the liability remains outstanding. The minimum lease payments are made up of the following amounts:

	2019/20	2018/19
	£'000	£'000
Finance Lease Liability	966	979
Finance Costs		
Current	84	86
Non Current	1,223	1,307
	2,273	2,372

The minimum lease payments will be payable over the following periods:

	Minimum Lease		Finance Lease	
	2019/20	2018/19	2019/20	2018/19
	£'000	£'000	£'000	£'000
Not later than one year	99	99	14	13
Later than one year and not later than five years	395	395	71	65
Later than five years	1,779	1,878	881	901
	2,273	2,372	966	979

Operating Leases

The Authority does not have any material operating leases.

6. Reserves held by the Authority

Useable Reserves

The Authority retains a number of Reserves which are available to fund Expenditure.

General Fund Balance - This is retained to fund unforeseen expenditure pressures.

Earmarked Reserves - These reserves are retained to fund particular items of expenditure and are reviewed each year, currently the Earmarked Reserves balance is £5.784m (£5.448m at the end of 2018/19). Please see the description of each reserve below.

31 March	Earmarked Reserves	31 March
2019		2020
£'000		£'000
300	Resilience Reserve	300
2,400	Capital Funding Reserve	3,000
500	Insurance Reserve	500
400	Change Management Reserve	-
1,000	Ark Reserve	1,000
510	Share of ESFM (Humberside) Ltd Net Assets	611
338	ESMCP Reserve	373
5,448	Total Earmarked Reserves	5,784

Resilience Reserve – This can be used to fund any costs associated with the resilience of the service.

Capital Funding Reserve - This reserve is utilised to fund items of Capital expenditure.

Insurance Reserve – This reserve is to fund any costs that are not covered by the Authority's insurance policies.

Change Management Reserve – This reserve was to facilitate changes in the structure or development of Humberside Fire and Rescue Service.

Ark Reserve – This funding is identified to fund 'The Ark, National Flood Resilience Centre' development with Hull University.

Share of ESFM (Humberside) Ltd Net Assets – This reflects the Authority's share of ESFM (Humberside) Ltd net assets at the balance sheet date.

Capital Receipts Reserve - This can be used to fund items of Capital Expenditure.

ESMCP Reserve – The Emergency Services Mobile Communications Programme (ESMCP) Reserve is a grant given by Government to assist with the upgrade of our mobile communications

Unusable Reserves

The Authority now retains four unusable reserves:-

Capital Adjustment Account – This Reserve is required by the CIPFA Code of Practice on Local Authority Accounting and is used to allow the Authority to nullify the effect of Non-current Asset expenses on the Accounts.

Revaluation Reserve – This Reserve is required by the Code of Practice on Local Authority Accounting and reflects the amount to which the value of the property owned by the Authority has increased. A transfer can be made from the Revaluation Reserve to the Capital Adjustment Account to reflect the amount of additional Depreciation that has been charged due to the increase in value of the property, should the value of a previously revalued property fall some or all of the loss can be offset against the amount remaining in the Revaluation Reserve.

Pensions Reserve – Please see Note 4 Pensions.

Collection Fund Adjustment Account – This Reserve is required by the CIPFA Code of Practice on Local Authority Accounting for Adjustment Account billing and precepting Authorities regarding the collection and distribution of collection fund receipts.

Movement on Capital Reserves**Revaluation Reserve**

	2020 £'000	2019 £'000
Gains on Revaluation of Non Current Assets	(584)	(160)

7. Borrowing and Investments

Long Term Liabilities

The outstanding borrowings and Liabilities of the Authority are disclosed below:

	2019/20			2018/19		
	Total	Repayable within 12 months	Repayable after 12 months	Total	Repayable within 12 months	Repayable after 12 months
	£'000	£'000	£'000	£'000	£'000	£'000
Public Works Loan Board	13,618	722	12,896	15,003	1,473	13,530
Finance Leases	966	14	952	968	25	943
Pension Liability - Firefighters' Pension Fund	612,780		612,780	647,900		647,900
Pension Liability - Local Government Pension Scheme	5,619		5,619	10,489		10,489
	632,983	736	632,247	674,360	1,498	672,862

The outstanding borrowings of the Authority at 31 March 2020 which were repayable within a period in excess of 12 months were as follows:

Source of Loan	Interest Rate Payable %	Amount Outstanding at	
		31 March 2020	31 March 2019
		£'000	£'000
Public Work Loans Board	2.10	1,000	1,000
Public Work Loans Board	2.14	1,000	1,000
Public Work Loans Board	3.70	1,000	1,000
Public Work Loans Board	3.75	1,000	1,000
Public Work Loans Board	3.84	1,000	1,000
Public Work Loans Board	3.88	1,000	1,000
Public Work Loans Board	4.40	428	428
Public Work Loans Board	4.45	-	634
Public Work Loans Board	4.55	4,400	4,400
Public Work Loans Board	4.63	827	827
Public Work Loans Board	4.75	95	95
Public Work Loans Board	4.90	246	246
Public Work Loans Board	5.00	900	900
		12,896	13,530

Loans analysed by maturity are as follows:

	31 March 2020	31 March 2019
	£'000	£'000
Maturing in 1-2 Years	827	634
Maturing in 2-5 Years	3,241	3,227
Maturing in 5-10 Years	6,828	4,669
Maturing in More Than 10 Years	2,000	5,000
	12,896	13,530

Provision for the Repayment of External Loans

The Authority is required by statute to set aside a Minimum Revenue Provision (MRP) for the redemption of external debt. The method of calculating the Provision is defined by statute. The MRP for 2019/20 is as follows:

	2019/20 £'000	2018/19 £'000
MRP based on Option 1 - 4% of CFR/Supported Borrowing	563	586
MRP based on Option 3(a) - Equal Instalments of Self Financed Borrowing	633	463
MRP for Assets acquired under Finance Leases Matched to the Principal repaid	13	30
	<u>1,209</u>	<u>1,079</u>

Short Term Investments

The Authority places funds with counter-parties on a commercial basis, these loans are made to counter-parties who meet a specified criteria. The loans are short-term (less than a year). Accrued interest is included in the Balance Sheet at 31 March. The value of these investments is £5.004m at 31 March. (2018/19 was £4.501m).

8. Other Creditors and Debtors

- Long-Term Creditors

There are no long-term creditors at 31 March 2020.

- Short-Term Creditors

Analysis of short term creditors is as follows: -

	31 March 2020 £'000	31 March 2019 £'000
Central Government Bodies	2,092	1,152
Other Local Authorities	1,299	191
Bodies External to General Government	3,820	3,047
	<u>7,211</u>	<u>4,390</u>

*included in the Short-Term Creditors figure on the Balance Sheet is £80k relating to ESFM (Humberside) Ltd, please see note 12 for details.

- Long-Term Debtors

There were no long-term debtors at 31 March 2020.

- Short-Term Debtors

Amounts falling due within one year may be analysed as follows: -

	31 March 2020 £'000	31 March 2019 £'000
Central Government Bodies	3,343	2,453
Other Local Authorities	222	128
NHS Bodies	21	45
Bodies External to General Government	5,380	5,658
	<u>8,966</u>	<u>8,284</u>

*included in Short-Term Debtors is £486k relating to ESFM (Humberside) Ltd, please see note 12 for further details.

9. Financial Instruments

The Financial Instruments held by the Authority are included below and the Authority fully complies with the CIPFA Code of Practice on Local Authority Accounting.

Amortised Cost

Financial Instruments (whether borrowing or investment) are valued on an amortised costs basis using the Effective Interest Rate (EIR) method.

Fair Value

In these disclosure notes, Financial Instruments are also required to be shown at Fair Value.

Compliance

The Authority has complied with the following:

It has adopted the CIPFA Treasury Management in the Public Services: Code of Practice.

Set treasury management indicators to control key Financial Instrument risks in accordance with CIPFA's Prudential Code.

Accounting regulations require the Financial Instruments (investment, lending and borrowing of the Authority) shown on the Balance Sheet to be further analysed into various defined categories. The investments, lending & borrowing disclosed in the Balance Sheet are made up of the following categories of "Financial Instruments".

	Long Term		Current	
	31 March		31 March	
	2020	2019	2020	2019
	£'000	£'000	£'000	£'000

Surplus arising on revaluation of financial assets			-	-			-	-
Net gain/(loss) for the year	(727)	69	-	(658)	(683)	56	-	(627)

The Fair value of each class of Financial Assets and Liabilities which are carried in the balance sheet at Amortised Cost is disclosed below.

The Authority engaged Link Asset Services, a firm of financial consultants specialising in treasury management and capital finance in the U.K. Public Sector, who have calculated the Fair Value of the Financial Instruments stated above. Link Asset Services methodology and assumptions have been adopted and are stated below.

Methods and Assumptions in Valuation Technique

The Fair Value of a Financial Instrument is determined by calculating the Net Present Value (NPV) of future cash flows, which provides an estimate of the value of payments in the future in today's terms.

The discount rate used in the NPV calculation is the rate applicable in the market on the date of valuation for a Financial Instrument with the same structure, terms and remaining duration. For debt, this will be the new borrowing rate since premature repayment rates include a margin which represents the lender's profit as a result of rescheduling the loan; this is not included in the Fair Value calculation since any motivation other than securing a fair price should be ignored.

The rates quoted in this valuation were obtained by our treasury management consultants from the market on 31 March 2020, using bid prices where applicable.

The calculations are made with the following assumptions:

For Public Works Loans Board debt, the discount rate used is the rate for new borrowing as per rate sheet number 127/19. For other market debt and investments the discount rate used is the rate available for a Financial Instrument with the same terms from a comparable lender. Interpolation techniques have been used between available rates where the exact maturity period was not available. No early repayment or impairment is recognised.

Fair Values have been calculated for all Financial Instruments in the portfolio, but only those which are materially different from the carrying value have been disclosed (for loans of less than one year the principal amount of the loan is deemed to be fair value). The Fair Value of trade and other receivables is taken to be the invoiced or billed amount.

The Fair Values are calculated as follows:

	31 March 2020		31 March 2019	
	Carrying Amount £'000	Fair Value £'000	Carrying Amount £'000	Fair Value £'000
Financial Liabilities	(14,584)	(15,102)	(15,971)	(17,031)
Loans and Receivables	5,004	5,004	4,501	4,501

The increase in the Fair Value of Financial Liabilities over the carrying amount is because the interest rate payable on the Authority's portfolio of fixed rate loans is higher than the rates for similar loans as at the Balance Sheet date. The decrease in the Fair Value of the Loans and Receivables over the carrying amount is due to the interest rate receivable on the Authority's portfolio of fixed rate investments being lower than the rates for similar loans as at the Balance Sheet date.

The Authority's management of treasury risks actively works to minimise the exposure to the unpredictability of financial markets and to protect the financial resources available to fund services. The Authority has fully adopted CIPFA's Code of Treasury Management Practices and has written principles for overall risk management as well as written policies and procedures covering specific areas such as credit risk, liquidity risk and market risk.

Credit Risk

Credit risk arises from the short-term lending of surplus funds to banks, building societies and other local authorities as well as credit exposures to the Authority's customers. It is the policy of the Authority to place deposits only with a limited number of high quality banks and building societies whose credit rating is independently assessed as sufficiently secure by the Authority's treasury advisers and to restrict lending to a prudent maximum amount for each institution. In order to mitigate against risk and in the light of market conditions, the Executive Director of Corporate Services and Section 151 Officer considered that the most prudent approach was to restrict investments to UK based, and other 'AAA' rated European institutions with a maximum limit of £2m. The Authority has access to three money market investment funds, these are highly secure funds that are 'AAA' rated and provide instant return of the investment if required.

The following analysis summarises the Authority's potential maximum exposure to credit risk, based on past experience and current market conditions. No credit limits were exceeded during the financial year and the Authority expects full repayment on the due date of deposits placed with its counterparties.

	31 March 2020	Historical experience of default	Historical experience adjusted for market conditions at 31 March 2020	Estimated maximum exposure to default and uncollectability 31 March 2020
	£'000	%	%	£'000
Deposits with banks and financial institutions	5,004	0.00	0.00	-
Bonds	-	0.00	0.00	-
Customers	1,750	0.43	0.43	8
	<u>6,754</u>			<u>8</u>

No credit limits were exceeded during the Accounting Period and the Authority does not expect any losses from non-performance by any of its counterparties in relation to deposits and bonds.

Debtors

The Authority does not generally allow credit for customers, such that only £31k of the £1.750m balance is past its due date for payment. The past due amount can be analysed by age as follows:

	31 March 2020 £'000	31 March 2019 £'000
Less than three months	2	7
Three to six months	29	30
Six months to one year	-	-
More than one year	-	-
	<u>31</u>	<u>37</u>

Liquidity Risk

The Authority has access to a facility to borrow from the Public Works Loans Board. As a result there is no significant risk that the Authority will be unable to raise finance to meet its commitments under Financial Instruments. The Authority has safeguards in place to ensure that a significant proportion of its borrowing does not mature for repayment at any one time in the future to reduce the financial impact of re-borrowing at a time of unfavourable interest rates. The Authority's policy is to ensure that not more than 10% of loans are due to mature within any financial year and 25% within any rolling five-year period through a combination of prudent planning of new loans taken out and, where it is economic to do so, making early repayments.

See Note 7 of the Notes to the Accounts for an analysis of the maturity of long-term loans with the Public Work Loans Board.

All trade and other payables are due to be paid in less than one year.

Market Risk

Interest Rate Risk

The Authority is exposed to interest rate risk in two different ways; the first being the uncertainty of interest paid/received on variable rate Financial Instruments, and the second being the effect of fluctuations in interest rates on the fair value of a Financial Instrument.

The current interest rate risk for the Authority is summarised below:

The Fair Value of fixed rate Financial Assets will fall if interest rates rise. This will not impact on the Balance Sheet for the majority of Assets held at Amortised Cost, but will impact on the disclosure note for Fair Value. It would have a negative effect on the Balance Sheet for those assets held at Fair Value in the Balance Sheet, which would also be reflected in the Comprehensive Income and Expenditure Statement.

The Fair Value of fixed rate Financial Liabilities will rise if interest rates fall. This will not impact on the Balance Sheet for the majority of Liabilities held at Amortised Cost, but will impact on the disclosure note for Fair Value.

The Authority has a number of strategies for managing interest rate risk. Policy is to aim to keep a maximum of 25% of its borrowings in variable rate loans. During periods of falling interest rates, and where economic circumstances make it favourable, fixed rate loans will be repaid early to limit exposure to losses. The risk of loss is ameliorated by the fact that a proportion of government grant payable on financing costs will normally move with prevailing interest rates or the Authority's cost of borrowing and provide compensation for a proportion of any higher costs.

The treasury management team has an active strategy for assessing interest rate exposure that feeds into the setting of the annual budget and which is used to update the budget quarterly during the year. This allows any adverse changes to be accommodated. The analysis will also advise whether new borrowing taken out is fixed or variable.

According to this investment strategy, at 31 March 2020, if interest rates had been 1% higher with all other variables held constant, the financial effect would be:

	31 March 2020 £'000	31 March 2019 £'000
Decrease in Fair Value of fixed rate investment assets	-	-
Increase in Fair Value of fixed rate borrowing liabilities	861	54

Price Risk

The Authority does not invest in equity shares and does not have shareholdings in any joint ventures and therefore is not at significant risk to price movements.

Foreign Exchange Risk

The Authority has no Financial Assets or Liabilities denominated in foreign currencies and thus has no exposure to loss arising from movements in exchange rates.

Financial Guarantees

The Authority does not provide any financial guarantees.

Precepts

The Authority, at its meeting on 11 February 2019, set a precept for 2019/20 equivalent to a Band D Council Tax of £84.94. Precepts and Collection Fund balances received from the four constituent Authorities for 2019/20 are as follows:

	Precepts 2019/20 £'000	Collection Fund Residual 2018/19 £'000	Surplus/(Deficit) 31 March 2020 £'000	Total 2019/20 £'000
Kingston upon Hull City Council	5,221	(25)	142	5,338

North Lincolnshire Council	4,010	(11)	74	4,073
	21,972	(61)	439	22,350

The Authority is made up of 22 Members who are nominated by the 4 Unitary Authorities in the Humberside region. The Police and Crime Commissioner for Humberside, Keith Hunter, also sits on the Authority.

12. Related Parties

The Authority is required to disclose material transactions with related parties - bodies or individuals that have the potential to control or influence the Authority or to be controlled or influenced by the Authority. Disclosure of these transactions allows readers to assess the extent to which the Authority might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Authority.

Central Government

Central Government has significant influence over the general operations of the Authority; it is responsible for providing the statutory framework within which the Authority operates, it provides a significant part of its funding in the form of grants, and prescribes the terms of many of the transactions that the Authority has with other parties. The Authority receives NNDR, General Government grants and Capital Grants from the Department for Communities and Local Government or the Home Office. (Details of these grants are disclosed in note 11).

Pensions

See note 4 in the Notes to the Financial Statements.

Members

The Precept is collected on the Authority's behalf by the four Local Authorities in the Humberside area (as disclosed in note 11), the following Members are Local Councillors on these councils.

East Riding of Yorkshire Council: Mike Bryan, Chad Chadwick, Phil Davison, Caroline Fox, Helen Green, Barbara Jefferson, Pat Smith, Kay West.

Kingston upon Hull City Council: Linda Chambers, Jackie Dad, Shane McMurray, Rosie Nicola, Christine Randall, Abhimanya Singh.

North East Lincolnshire Council: Ian Barfield, Ros James, Ron Shepherd, Stewart Swinburn.

North Lincolnshire Council: John Briggs, Mick Grant, Nigel Sherwood, Rob Waltham MBE.

The total of Members' allowances paid in 2019/20 is shown in note 13. During 2019/20 no Members of the Authority, or their close relations, undertook any declarable related party transactions with the Authority. The Authority requires Members to complete a declaration of related party transactions, and these declarations are used as the basis of this note.

Officers

During the course of 2019/20 no senior officers of the Authority (with the exception of the one member of staff that is a Director of HFR Solutions, two members of staff that are Directors of Emergency Services Fleet Management (Humberside) Ltd and two members of staff that are seconded to Humberside Police), or their close relations, undertook any declarable related party transactions with the Authority. The Authority requires senior officers to complete a declaration of related party transactions, and these declarations are used as the basis of this note.

One officer of the Authority is also a Director of HFR Solutions Community Interest Company (CFO Chris Blacksell).

The Authority/HFR Solutions supplied goods and services to each other during 2019/20; the value of the supplies to HFR Solutions was £0.3m (£0.5m during 2018/19), HFR Solutions supplied goods and services to the Authority with a negligible value (£0.1m in 2018/19) and made under normal commercial terms. £0.1m was owed to the Authority at 31 March 2020 (£0.2m was outstanding at 31 March 2019).

Two officers of the Fire Authority are also Directors of Emergency Services Fleet Management (Humberside) Ltd (Executive Director/S.151 Officer Kevin Wilson and Director Steve Topham). Emergency Services Fleet Management (Humberside) Ltd is a joint arrangement that provides vehicle maintenance services to the Authority and Humberside Police. Emergency Services Fleet Management (Humberside) Ltd supplied goods and services during 2019/20 with a value of £1.2m (£1.2m during 2018/19) to Humberside Fire Authority.

Two officers of the Fire Authority are also seconded to Humberside Police on a part time basis (Executive Director/S.151 Officer Kevin Wilson and Head of Finance Martyn Ransom). Humberside Police supplied goods and services to the Authority during 2019/20 with a value of £2.2m (£1.5m during 2018/19). The Authority supplied goods and services to Humberside Police during 2019/20 with a value of £0.2m (negligible during 2018/19).

The Authority retains joint control of Emergency Services Fleet Management (Humberside) Ltd with Humberside Police on a 50/50 split. The Authority's share of the net assets and reserves for 2019/20 are £0.6m (£0.5m 2018/19) and have been consolidated into the Financial Statements of the Authority. These amounts are taken from the Emergency Services Fleet Management (Humberside) Ltd draft accounts at 31 March 2020

The disclosure note itself has been prepared in accordance with guidance on the interpretation of IAS 24 (Related Party Transactions) and its applicability to the public sector.

13. Members' Allowances

From 1 April 2003, the Authority is required to have its own scheme of Members' Allowances under the terms of the Local Authorities (Members' Allowances) (England) Regulations 2003. The total amount paid to Members under this scheme for 2019/20 was £131,022 (2018/19 was £127,483).

14. Officers' Emoluments

Regulation 7 (3) of the Accounts and Audit Regulations 2015 [SI 2015 No. 234] requires the publication of the following disclosures relating to the remuneration of senior employees.

The number of employees whose remuneration, excluding employer's pension contributions, was £50,000 or more in bands of £5,000 are disclosed below:

Remuneration Band	Number of Officers in Band					
	2019/20			2018/19		
	Operational	Non Operational	Total	Operational	Non Operational	Total
£150-154,999	-	-	-	-	-	-
£145-149,999	1	-	1	-	-	-
£140-144,999	-	-	-	-	-	-
£135-139,999	-	-	-	1	-	1
£130-134,999	-	-	-	-	-	-
£125-129,999	1	-	1	-	-	-
£120-124,999	-	-	-	1	-	1
£115-119,999	-	-	-	-	-	-
£110-114,999	-	-	-	-	-	-
£105-109,999	-	1	1	-	-	-
£100-104,999	-	-	-	-	1	1
£95-99,999	-	-	-	-	-	-
£90-94,999	-	-	-	-	-	-
£85-89,999	-	-	-	-	-	-
£80-84,999	3	-	3	-	-	-
£75-79,999	-	-	-	3	-	3
£70-74,999	2	1	3	1	-	1
£65-69,999	1	-	1	1	1	2
£60-64,999	9	-	9	10	-	10
£55-59,999	12	2	14	7	1	8
£50-54,999	25	1	26	23	4	27
	54	5	59	47	7	54

The following table sets out the remuneration disclosures for senior officers whose salary is less than £150,000 but equal to or more than £50,000 per year:

Disclosure for 2019/20

Post Title	Salary (Including fees & Allowances)	Benefits in Kind (e.g. Car Allowance)	Total Remuneration excluding employer's pension contributions 2019/20	Employer's pension contributions 2019/20	Total Remuneration including employer's pension contributions 2019/20
Chief Fire Officer & Chief Executive	147,335	-	147,335	-	147,335

	678,561	18,117	696,678	92,969	789,647

There were no costs in relation to exit packages during 2019/20 (no costs during 2018/19).

15. Other Notes To The Financial Statements

Contingent Liabilities

There are no contingent liabilities.

Exceptional Items

There are no exceptional items.

Material Items Of Income and Expenditure

There were no material items of income and expenditure during 2019/20 that are not disclosed elsewhere within the Statement of Accounts.

Heritage Assets

The Authority does not have any Heritage Assets; a collection of fire memorabilia is held by the Authority but has little financial value.

Audit Fees

During 2019/20 the Authority incurred £25k in Audit fees (£25k in 2018/19) from Mazars relating to external audit.

Prior Period Adjustments

There have been no prior period adjustments during 2019/20.

Events After The Balance Sheet Date

Adjusting Event - McCloud

On 16 July 2020, HM Treasury published consultation on the remedy in relation to the McCloud judgement in relation to Pensions. Note 4 of these accounts have been adjusted to reflect these changes as they impact on the net liability of the Firefighters' Pension Fund.

Non Adjusting Event – COVID19

The medium-term position will be kept under continuous review particularly in the context of the Service's response to the current COVID-19 pandemic. Limited costs were incurred in the 2019/20 financial year but the expenditure is more significant in the current 2020/21 financial year. Government has allocated funding to Local Authorities and Fire and Rescue Services to help meet these costs (£919K allocated to Humberside Fire Authority). The impacts beyond the immediate future may also be on the Authority's precept/council tax income if collection rates are adversely impacted by the COVID-19 pandemic. This will be monitored carefully during 2020/21.

We will continue to respond to the Covid-19 pandemic and continue to work with relevant partners to mitigate the impact of Covid-19 on our local communities, and to work together with others to promote recovery to a state of normality. We will deliver a structured recovery phase that will focus on improving the service by embedding the lessons learned around remote engagement with the public, partnership working and organisational efficiency.

Long Term Commitments

The Authority has entered into a commitment to repay £600k to Humberside Police and Crime Commissioner from March 2016 in respect of additional work undertaken at the joint workshops facility at Melton. The remaining amount will be repaid over the next 5 years at £60k per annum.

16. Cash Flow notes

Movements in Cash and Cash Equivalents

	31 March 2020 £'000	31 March 2019 £'000	Movement £'000

Humberside Fire Authority Pension Fund Account 2019/20

FIREFIGHTERS' PENSION FUND ACCOUNT

The following table analyses movements on the Fund for the year 2019/20

2018/19		2019/20
£'000s		£'000s
	Contributions receivable:	
(3,243)	Employers' contributions receivable	(5,839)
(2,573)	Firefighters' contributions	(2,541)
<u>(5,816)</u>		<u>(8,380)</u>
<u>(126)</u>	Transfers in from other authorities	<u>(238)</u>
	Benefits payable:	
15,273	Pensions	16,122
3,955	Commutations & lump sum retirement benefits	5,040
<u>19,228</u>		<u>21,162</u>
	Payments to and on account leavers	
8	Transfers out to other authorities	72
<u>13,294</u>	Net amount payable for the year	<u>12,616</u>
<u>(13,294)</u>	Top-up grant receivable to the Firefighters' Pension Fund	<u>(12,616)</u>
-	Fund Account balance	-

2018/19	<u>Net Assets Statement</u>	2019/20
	Current Assets	
2,354	Home Office grant debtor	3,141
1,353	Pensions Paid in Advance	1,423
	Current Liabilities	
(3,707)	Humberside Fire Authority	(4,564)
<u>-</u>		<u>-</u>

Notes to the Firefighters' Pension Fund Account

The funding arrangements for the Firefighters' Pension Scheme (FPS) changed on 1 April 2006. The Pension Fund was established under the Firefighters' Pension Scheme (Amendment) (England) Order 2006. The Pension Fund administers all four of the Firefighters' Pension Schemes (the 1992 Firefighters' Pension Scheme, the 2006 Firefighters' Pension Scheme, the 2015 Firefighters' Pension Scheme and the Modified Firefighters' Pension Scheme).

The Pension Fund is administered by Humberside Fire Authority.

The Pension Fund is managed by the Executive Director of Corporate Services and Section 151 Officer.

The benefits payable from the Pension Fund are pensions, lump sum commutation payments and ill health pensions. Injury awards are payable from the Authority's General Fund Account.

The Pension Fund is an unfunded scheme, consequently:

- It has no investment assets;
- Benefits payable are funded by contributions from employers and employees; and
- any difference between benefits payable and contributions receivable is met by top-up grant from the Home Office (HO)

The Pension Fund is statutorily prevented from including interest on cashflows and administration expenses in the pension fund. These expenses are accounted for in the Authority's General Fund Account.

Employee and employer contribution levels are based on percentages of pensionable pay set nationally by HO and are subject to triennial revaluation by the Government Actuary's Department. The employers' contribution rates are determined nationally by the Government Actuary's Department and are currently 21.7% for the 1992 FPS, 11.0% for the 2006 FPS, 21.7% for the Modified FPS and 14.3% for the 2015 FPS.

The membership for the pensions fund is as follows;

Category of Member	31/3/2020 1992 FPS	31/3/2020 2006 NFPS	31/3/2020 Modified Pension Scheme	31/3/2020 2015 FPS	31/3/2019 1992 FPS	31/3/2019 2006 NFPS	31/3/2019 Modified Pension Scheme	31/3/2019 2015 FPS
Contributors	53	7	36	627	93	7	42	580
Deferred Pensioners	48	113	11	98	49	115	13	74
Pensioners	972	18	58	11	952	17	52	4

Statement of Accounting Policies

The Accounting Policies adopted for the Pension Fund follow those set out in the Authority's Statement of Accounting Policies (Note 1 of the Notes to the Financial Statements). Transfer values are an exception to this policy and are on a cash basis.

The following item(s) are estimated and are material to the Pension Fund account:

- Estimation of top-up grant receivable

The Pension Fund Account does not take account of the obligations to pay pensions and benefits that fall due after the end of the financial year. These are reflected in the Authority's accounts in accordance with IAS 19 – Employee Benefits (Please see note 4 in the Notes to the Financial Statements).

CERTIFICATIONS

We, the undersigned, certify that:-

The Statement of Accounts represents a True and Fair View of the financial position of Humberside Fire Authority as at 31 March 2020 and the Comprehensive Income and Expenditure for the year ended 31 March 2020.

.....

Chris Blacksell – Chief Fire Officer/Chief Executive

.....

Councillor John Briggs – Chair

.....

Kevin Wilson – Executive Director of Corporate Services/Section 151 Officer

27th November 2020 (authorised for issue date)

(162)	Net (Surplus)/Deficit	-	(120)	(120)

£'000	Movement on the General Fund	£'000
(162)	(Surplus)/Deficit as above	(120)
12	Reserve Movements as per Fire Authority	(400)
181	Budgeted Transfer From General Reserve	13
31	(Surplus)/Deficit on the General Fund in the Year	(507)

	Overspend / (Underspend) £'000
Employees	(287)
a) Lower Firefighters' Pension contributions due to staff tapering into the 2015 scheme	
b) A number of vacant support role posts	
c) Higher level of ill health contributions than originally anticipated	
d) Additional spend of agency staff to cover the vacant support roles	
Premises	83
a) Additional spend in relation to cleansing of offices/stations following COVID19 (offset by government grant)	
b) Higher premises insurances than originally anticipated	
Transport	23
Higher level of fuel consumed during 2019/20 than originally anticipated	
Supplies and Services	592
a) An overspend on uniforms primarily due to additional repairs and maintenance due to the age of the kit	
b) Purchase of additional IT equipment and software	
Support Services	(55)
Lower spend on legal fees during 2019/20	
Asset Rental Interest	1,131
Impairment and depreciation of the estate has caused this variance (offset with accounting adjustment note)	
Income	(517)
a) Additional income in relation to secondments	
b) Additional grant income received from DCLG	
c) Rental of PPE and plant to HFR Solutions	
d) Additional income in respect of BTEC	
e) Funding of the Road Safety Team has been received	
Accounting Adjustments	(1,111)
Impairment and depreciation of the estate has caused this variance (offset with asset rental interest note)

Plant & Equipment The rollout of replacement PPE has slipped into 2020/21	(1,000)

Appendix 3

Glossary of terms

Accounting Date	This is the date at which the Balance Sheet is produced, for this Authority it is 31 March each year.
Accounting Period	The period of time covered by the accounts, normally a period of twelve months commencing on 1 April. The end of the accounting period is the Balance Sheet date.
Accruals	Sums included in the final accounts to recognise revenue and capital income and expenditure earned or incurred in the financial year, but for which actual payment had not been received or made as at 31 March.
Actuarial Gains and Losses	For a defined benefit pension scheme, the changes in actuarial surpluses or deficits that arise because: events have not coincided with the actuarial assumptions made for the last valuation (experience gains and losses) or the actuarial assumptions have changed.
Agency Arrangements	An arrangement between two organisations where one will act as an agent, collecting money on behalf of the other party, to whom the money is then paid over. An example of this is council tax collections, where the four local authorities collect money from tax payers on behalf of the Authority and then pay it over.
Amortisation	The measure of the cost of the wearing out, consumption or other reduction in the useful economic life of the Authority's Intangible Assets during the accounting period, whether from use, the passage of time, or obsolescence through technological or other changes.
Asset	An item having value to the Authority in monetary terms. Assets are categorised as either current or non-current: A current asset will be consumed or cease to have material value within the next financial year (e.g. cash and inventories); A non-current asset provides benefits to the Authority and to the services it provides for a period of more than one year and may be tangible e.g. a fire station or intangible , e.g. computer software licences.
Audit of Accounts	An independent examination of the Authority's financial affairs.
Balance Sheet	A statement of the recorded Assets, Liabilities and other balances at the end of the Accounting Period.
Budget	The forecast of net revenue and Capital Expenditure over the Accounting Period.
Capital Expenditure	Expenditure on the acquisition of a non-current asset, which will be used in providing services beyond the current Accounting Period or expenditure that adds to,

and not merely maintains, the value of an existing non-current Asset.

Capital Financing	Funds used to pay for Capital Expenditure. There are various methods of financing Capital Expenditure including borrowing, leasing, direct revenue financing, usable capital receipts, capital grants, revenue reserves and earmarked reserves.
Capital Programme	The capital schemes the Authority intends to carry out over a specified period of time.
Capital Receipts	The proceeds from the disposal of land or other non-current Assets. Capital receipts can be used to finance new Capital Expenditure, but they cannot be used to finance Revenue Expenditure.
Carrying Value	This is the value of an Asset or Liability as shown in the Statement of Accounts
Cash Equivalents	Short-term, highly liquid investments readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.
Code Of Practice	The CIPFA (Chartered Institute of Public Finance and Accountancy) Code of Practice on Local Authority Accounting.
Component	A part of an Asset requiring separating from the total (host) Asset into an Asset in its own right as it has a cost that is significant in relation to the total cost of the Asset. If the components also have a significantly different depreciable life from the host then it is depreciated separately.
Comprehensive Income and Expenditure Statement	Shows the accounting economic cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.
Consistency	The concept that the accounting treatment of like items, within an Accounting Period and from one period to the next, are the same.
Consolidation	The process of combining the Financial Statements from the Authority and the Authority's share of Emergency Services Fleet Management (Humberside) Ltd.
Contingent Asset	A possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Authority.
Contingent Liability	A contingent liability is either: a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain

future events not wholly within the control of the Authority, or

a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

Corporate and Democratic Core	The corporate and democratic core comprises all activities that fire authorities engage in specifically because they are comprised of members elected to local authorities. The cost of these activities are thus over and above those which would be incurred by a series of independent, single purpose, nominated bodies managing the same services. There is therefore no logical basis for apportioning costs to services.
Creditor	Amount owed by the Authority for works done, goods received or services rendered within the Accounting Period, but for which payment has not been made by the end of that Accounting Period.
Current Service Cost (Pensions)	The increase in the present value of a defined benefit pension scheme's liabilities, expected to arise from employee service in the current period.
Debtor	Amount owed to the Authority for work done, goods received or services rendered within the Accounting Period, but for which payment has not been received by the end of that Accounting Period.
Defined Benefit Pension Scheme	Pension schemes in which the benefits received by the participants are independent of the contributions paid and are not directly related to any investments of the scheme.
Depreciation	The measure of the cost of the wearing out, consumption or other reduction in the useful economic life of the Authority's non-current Assets during the accounting period, whether from use, the passage of time, or obsolescence through technological or other changes.
Derecognition	The removal of an Asset or Liability from Authority's Balance Sheet.
Effective Interest Rate	This is the rate of interest necessary to discount the estimated stream of principal and interest cash flows through the expected life of a Financial Instrument to equal the amount after initial recognition.
Events after the Reporting Period	Events after the reporting period are those events, favourable or unfavourable, that occur between the Balance Sheet date and the date when the Statement of Accounts is authorised for issue.
Exceptional Items	Material items which derive from events or transactions that fall within the ordinary activities of the Authority and which need to be disclosed separately by virtue of their

size or incidence to give fair presentation of the Accounts.

Existing Use Value (EUV)	The estimated amount for which a property should be exchanged on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction, assuming that the buyer is granted vacant possession of all parts of the property required by the business and disregarding potential alternative uses and any other characteristics of the property that would cause the market value to differ from that needed to replace the remaining service potential at least cost. Under IFRS this is the same as Fair Value.
Expected Return on Pension Assets	For a funded Defined Benefit Scheme, this is the average rate of return including both income and changes in Fair Value but net of scheme expenses, which is expected over the remaining life of the related obligation on the actual assets held by the scheme.
Fair Value	The amount of which an Asset could be exchanged, or liability settled, between knowledgeable, willing parties in an arm's-length transaction. Under IFRS there is no consistent definition of Fair Value; different definitions apply in different circumstances.
Financial Instrument	Any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another. The term covers both financial assets and financial liabilities, from straightforward trade receivables (invoices owing) and trade payables (invoices owed) to complex derivatives and embedded derivatives.
Finance Lease	A lease that transfers substantially all the risks and rewards of ownership of an asset to the lessee (even though title to the property may not be transferred). The asset is recorded on the Balance Sheet of the lessee.
Going Concern	The concept that the Statement of Accounts are prepared on the assumption that the Authority will continue in operational existence for the foreseeable future.
Government Grants	Grants made by the Government towards either revenue or capital expenditure in return for past or future compliance with certain stipulations relating to the activities of the Authority. Grants may be specific to a particular scheme or may support the revenue or capital spend (respectively) of the Authority in general.
Held for Sale	Property, plant and equipment assets held by the Authority pending sale. Assets must meet strict criteria before being classified as Held for Sale.
Heritage Assets	An asset with historic, artistic, scientific, technological, geophysical, or environmental qualities that is held and maintained principally for its contribution to knowledge and culture and this purpose is central to the objectives of the entity holding it.

Impairment	A reduction in the value of a non-current Asset to below its Carrying Value on the Balance Sheet. Impairment is caused by a consumption of economic benefit such as obsolescence or physical damage of an Asset.
Income	Amounts that the Authority receives or expects to receive from any source, including fees, charges, sales and grants.
Intangible Assets	<p>An intangible (non-physical) item may be defined as an identifiable non-monetary asset when it is probable that the expected future economic benefits attributable to the asset will flow to the entity, and its cost can be measured reliably. An asset meets the identification criteria when it:</p> <ul style="list-style-type: none"> (a) Is separable, i.e. capable of being separated or divided from the entity and sold, transferred, licensed, rented, or exchanged, either individually or together with a related contract, asset or liability; or (b) Arises from contractual or other legal rights, regardless of whether those rights are transferable or separable from the entity or from other rights and obligations.
Interest Cost (Pensions)	For a Defined Benefit Scheme, the expected increase during the period in the present value of the scheme liabilities because the benefits are one period closer to settlement.
International Accounting Reporting Standards (IAS)	These are accounting standards published and produced by the International Accounting Standards Board. Further detail on International Accounting Standards can be found at www.ifrs.org
Inventories	Items of raw materials and stores, the Authority has procured and holds in expectation of future use. Examples are consumable stores, raw materials and products and services in intermediate stages of completion (work in progress).
Investments	A sum invested on a long-term or continuing basis to support the activities of an organisation, or where the disposal of the investment is restricted in some way. Monies invested which do not meet these criteria are classified as current assets.
Liability	<p>A liability is where the Authority owes payment to an individual or another organisation, arising from past events.</p> <ul style="list-style-type: none"> • A current liability is an amount which will or could become payable in the next Accounting Period, e.g. creditors or cash overdrawn. • A deferred liability is an amount which by arrangement is payable beyond the next year at some point in the future or to be paid off by an annual sum over a period of time.
Long-term Contract	A contract entered into for the design, manufacture or construction of a single substantial asset or the provision

	of a service (or a combination of assets or services which together constitute a single project), where the time taken to substantially complete the contract is such that the contract activity falls into more than one Accounting Period.
Materiality	The concept that the Statement of Accounts should include all amounts which, if omitted, or misstated, could be expected to lead to a distortion of the Financial Statements and ultimately mislead a user of the Accounts.
Minimum Revenue Provision (MRP)	The minimum amount which must be charged to the revenue account each year in order to provide for the repayment of loans and other amounts borrowed by the Authority.
Net Book Value (NBV)	The amount at which non-current Assets are included in the Balance Sheet, i.e. their historical costs or current value, less the cumulative amounts provided for Depreciation and Impairment.
Net Current Replacement Cost	The estimated cost of replacing or recreating a particular asset in its existing condition and in its existing use, i.e. the cost of its direct replacement.
Net Debt	The Authority's borrowings less cash, cash equivalents and short term investments.
Net Present Value	Net Present Value (NPV) is the difference between the present value of cash inflows and the present value of cash outflows
Net Realisable Value	The open market value of an asset less the expenses to be incurred in realising the asset.
Non-current Assets	Property, Plant and Equipment held or occupied, used or consumed by the Authority in pursuit of its strategic objectives in the direct delivery of those services for which it has either a statutory or discretionary responsibility.
Non Distributed Costs (NDC)	These are the overheads for which no user now benefits and as such are not apportioned to services.
National Non Domestic Rates (NNDR)	The non-domestic rate is a levy on businesses, based on a national rate in the pound set by the Government and multiplied by the assessed rateable value of the premises they occupy. It is collected by Local Authorities on behalf of Central Government and is then redistributed back to the Authority.
Operating Lease	A lease other than a Finance Lease. The risks and rewards of ownership of a non-current asset that is leased remain with the lessor and on the lessor's Balance Sheet. The lessee accounts for the rental payments as revenue income and expenditure.
Past Service Cost (Pensions)	For a Defined Benefit Pension Scheme, the increase in the present value of the scheme liabilities related to the employee service in prior periods arising in the current

	period as a result of the introduction of, or improvement to, retirement benefits.
Pension Scheme Liabilities	The liabilities of a Defined Benefit Pension Scheme for outgoings due after the valuation date. Scheme liabilities measured using the projected unit method reflect the benefits that the employer is committed to provide for service up to that date.
Precept	The levy made by precepting authorities on billing authorities, requiring the latter to collect income from council taxpayers on their behalf.
Prior Year Adjustment	Material adjustments applicable to prior years arising from changes in accounting policies or from the correction of material errors. This does not include normal recurring corrections or adjustments of accounting estimates made in prior years.
Projected Unit Method	An assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projections of projected earnings for current employees.
Prospective Application	Applying new accounting policies to transactions, other events and conditions occurring after (not before) the date as at which the policy is changed and recognising the effect of the change in the accounting estimate in the current and future period affected by the change.
Provision	An amount put aside in the accounts for future liabilities or losses which are certain or very likely to occur as a result of a past event, but the amounts or dates of which they will arise are uncertain.
Public Works Loan Board (PWLB)	A Central Government Agency, which provides loans for one year and above to authorities at interest rates only slightly higher than those at which the Government itself can borrow.
Related Parties	There is a detailed definition of related parties IPSAS 20. For the Authority's purposes, related parties are deemed to include the Authority's Members, Senior Officers and their close family, partners, levying bodies, other public sector bodies, the Pension Fund and Assisted Organisations.
Related Party Transactions	The Code requires the disclosure of any material transactions between the Authority and related parties to ensure that stakeholders are aware when these transactions occur and the amount and implications of such.
Remuneration	All sums paid to or receivable by an employee and sums due by way of expenses allowances (as far as those sums are chargeable to UK income tax) and the monetary value of any other benefits received other than in cash. Pension contributions payable by the employer are excluded.

Reserves	The residual interest in the Assets of the Authority after deducting all of its Liabilities. These are split into two categories, usable and unusable. Usable reserves are those reserves that contain resources that an authority can apply to fund expenditure of either a revenue or capital nature (as defined). Unusable reserves are those that an authority is not able to utilise to provide services. They hold unrealised gains and losses (for example the revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences between expenditure being incurred and its financing e.g. Capital Adjustment Account.
Residual Value	The net realisable value of an asset at the end of its useful life.
Retirement Benefits	All forms of consideration given by an employer in exchange for services rendered by employees that are payable after the completion of employment.
Retrospective Application	Applying a new accounting policy to transactions, other events and conditions as if that policy had always been applied. Opening balances and prior year income and expenditure comparatives must be adjusted.
Revaluation Loss	A reduction in the value of a non-current Asset below its Carrying Amount in the Balance Sheet, caused by a general fall in prices across a whole class of assets.
Revenue Expenditure	The day-to-day expenses of providing services.
Revenue Support Grant	A grant paid by Central Government to authorities, contributing towards the general cost of services.
Single Entity	Refers to transactions and balances that form part of the Authority Accounts.
Statement of Accounts	The set of Statements comprising the Expenditure and Funding Analysis Statement, Movement in Reserves Statement, Comprehensive Income and Expenditure Statement, Balance Sheet, Cash Flow Statement and accompanying notes.
Temporary Borrowing	Money borrowed for a period of less than one year.
True and Fair View	The Statement of Accounts should be the faithful representation of the effects of the transactions, other events and conditions in accordance with the definitions and recognition criteria for assets, liabilities, income and expenses set out in the code. Compliance with the Code is presumed to result in financial statements that achieve a true and fair presentation.
Useful Economic Life	The period over which the Authority will derive benefits from the use of a non-current Asset.

Humberside Fire Authority

STATEMENT OF ACCOUNTS 2019/20 FEEDBACK FORM

The Statement of Accounts evolves each year and notwithstanding a large amount of information being prescribed by the Accounting Codes of Practice, the Authority attempts to make the document as readable and user friendly as possible.

We would therefore welcome any comments from readers on the Statement of Accounts regarding improvements to the layout and readability for future years. If you could complete the following questionnaire and return it to the address below we will try to accommodate any comments received. Alternatively, if you are viewing this document on the internet, there is an on-line form which you can submit.

We will attempt to incorporate any comments received by 31 March 2021 into the 2020/21 Statement of Accounts where possible and the Authority will try to include any comments received after that date into future years' documents.

1. Please indicate in what capacity you are viewing this Statement.

Humberside Fire Authority

ANNUAL GOVERNANCE STATEMENT 2019/20

Scope of Responsibility

1. The Humberside Fire Authority (HFA) is responsible for ensuring that its business is conducted in accordance with the law and proper standards and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The HFA also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.
2. In discharging this overall responsibility, the HFA is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which includes arrangements for the management of risk.
3. The HFA has approved and adopted a code of corporate governance, which is consistent with the principles of the Chartered Institute of Public Finance and Accountancy/Society of Local Authority Chief Executives (CIPFA/SOLACE) Delivering Good Governance in Local Government Framework 2016 Edition. A copy of the code can be obtained from the Secretary to the Fire Authority.
4. This statement explains how the HFA has complied with the code and also meets the requirements of regulation 4(3) of the Accounts and Audit (England) Regulations 2011 in relation to the publication of an Annual Governance Statement.

The purpose of the governance framework

5. The governance framework comprises the systems and processes, culture and values, by which the HFA is directed and controlled. The framework demonstrates how the HFA accounts to, engages with and leads within the community. It enables the HFA to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.
6. The system of internal control is a significant part of the governance framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.
7. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of the HFA's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.
8. The governance framework has been in place at the HFA for the year ended 31 March 2020 and up to the date of approval of the Annual Performance Report and Statement of Accounts.

The Governance Framework 2019/20

9. The key elements of the HFA's governance framework included:
 - a) The Constitution of the Authority which includes:
 - Committee Membership and Terms of Reference;
 - Scheme of Delegation to Officers;

- Financial Procedure Rules;
- Contract Procedure Rules;
- *Members' Code of Conduct;
- *Employees' Code of Conduct;
- Protocol for Member and Officer Relationships;
- Code of Corporate Governance.

* The Authority's Code of Conduct is aligned to the Seven Principles of Public Life (The 'Nolan Principles') and applies equally to Members and all employees of the Authority. The Nolan Principles include:

1. Selflessness - Holders of public office should act solely in terms of the public interest.
 2. Integrity - Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.
 3. Objectivity - Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.
 4. Accountability - Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.
 5. Openness - Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.
 6. Honesty - Holders of public office should be truthful.
 7. Leadership - Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.
- b) The Governance, Audit and Scrutiny (GAS) Committee, as well as the HFA itself, received regular reports on the Service's performance arrangements.
 - c) An approved Corporate Risk/Opportunity Management Policy.
 - d) An approved 'Local Code of Corporate Governance' in accordance with the CIPFA/SOLACE Framework for Corporate Governance.
 - e) The designation of the Chief Fire Officer as Chief Executive responsible to the HFA for all aspects of operational management.
 - f) The designation of the Executive Director Service Support as S.151 Officer (Local Government Act 1972) in accordance with Section 112 of the Local Government Finance Act 1988 and conforming with the governance requirements of the CIPFA Statement on the role of the Chief Financial Officer in Local Government (2010).
 - g) The designation of the Secretary as Monitoring Officer with the requirement to report to the full HFA if it is considered that any proposal, decision or omission would give rise to unlawfulness or maladministration.

- h) The Strategic Leadership Team (SLT) have considered a strategic overview of the HFA control environment including the response to external audit, performance management, strategic planning and scrutiny of Risk and Opportunity Management.
- i) The production of quarterly Management Accounts which are distributed to all Members of SLT and are considered at the GAS Committee meetings and the HFA.
- j) The Service and Finance Planning process.
- k) In accordance with the Service Business Planning Framework the Strategic Plan and Integrated Risk Management Plan (IRMP) for 2018/21 ensure a three-year plan, linked to financial planning.
- l) The Strategic Plan 2018/21 includes strategic objectives and Directorate responsibilities.
- m) The IRMP 2018/21 takes account of the requirements of the 2018 Fire and Rescue National Framework for England, providing a detailed assessment of the risks facing our communities and personnel and the measures taken to mitigate those risks.
- n) Current Anti-Fraud and Corruption, Anti-Bribery and Anti-Money Laundering Policies. We publish these and other such Policies, associated data and information on the HFRS Website under Data Transparency, please follow this [Link](#).
- o) Subscription to the services of whistleblowing charity Protect. Staff are informed of this service via updates in wage slips as well as via the Whistleblowing Policy which is published on the external website.
- p) A 'Strategic Demand Group' has been established, membership includes HFRS, Humberside Police, our four Local Authorities and our four Clinical Commissioning Groups. Partners are represented at Chief Executive level or similar to consider issues relating to demand and resourcing across the Humber Area. The group have commissioned research and development work around vulnerability and mental health, intelligence sharing agreements and data sharing protocols to better enable collaborative working. This group is now leading on information sharing across the Humber area with the intention of developing something along the lines of a Humber Office for Data Analytics. The group links in with Place Based Boards in the four Local Authority areas.
- q) A Fire and Police Transformation Board has been established to develop a number of collaborative workstreams. These have been categorised under the main headings as follows:
 - Organisation;
 - Delivery of Service;
 - Estates;
 - Futurist.

Directors have been allocated lead HFRS responsibility for specific workstreams.

- r) Outcomes from a far-reaching and in-depth Organisational Health Check undertaken by Zeal Solutions have been considered and have been included in the Service Improvement Plan to ensure that our culture and the concerns and positive areas raised by our staff are included in the development of the organisation.
- s) Member and Officer Development Programmes. During 2019/20 Officers undertook a facilitated development programme which included input around PRINT psychometric profiling for Middle Managers, Access to the T2Hub of Management and Leadership Self Development resources, Continual Professional Development through Leadership Forum Guest Speakers and Directors completing the Executive Leadership Programme. Member development during 2019/20

included Unwanted Fire Signals, Her Majesty's Inspectorate of Constabulary and Fire & Rescue Services, Operational Cancer Risk and EU Exit preparations.

- t) 6 scheduled Member Days.
- u) An approved Treasury Management Policy and Prudential Indicators.
- v) An approved HFA Performance and Risk Framework supported by the Performance and Risk Framework Policy and incorporating, amongst others, the following guidance notes:
 - Performance Measurement;
 - Corporate Reporting of Performance;
 - Project and Programme Management;
 - Organisational Risk and Opportunity Management.
- w) A Protective Marking Scheme (based upon the Her Majesty's Government Security Framework).
- x) HFRS is in the fourth and final year of implementing a four-year Public Sector Equality Duty (PSED) action plan to implement its priorities. Actions within this plan has been fully integrated within the LGA FRSEF Self-assessment/action planning process. Consultation work will begin in 2020 to identify further PSED priorities.
- y) The strategic decision to more closely align service delivery with our Local Authorities (Hull, East Riding, North Lincolnshire and North East Lincolnshire) through District management teams, is helping partnership work and assists us to be closer and more accountable to local communities.
- z) Retention of the Customer Service Excellence Award, conducted in February each year.
- aa) Annual Performance and Quarterly Performance Reports to HFA are published on our Website.
- bb) A Pension Board, as required under The Firefighters' Pension Scheme (Amendment) (Governance) Regulations 2015, was formed in 2015 to oversee compliance in the operation of the Firefighters' Pension Scheme (FPS). The Pension Board met twice during 2019/20 and also had a training input session.
- cc) The Deputy Chief Fire Officer chairs a Joint Consultative Committee attended by all Representative Bodies to discuss any matters relating to staff terms and conditions.
- dd) Member Champions continue to support functional areas and are invited to attend local district performance meetings.
- ee) Consultation on our Council Tax Precept for 2020/21 drew a significant number of responses from our community (over 2000). This allowed Fire Authority Members to make an informed decision on this matter.
- ff) In line with legislative requirements HFRS published its third Gender Pay Gap Report by the end of March 2020.

Review of Effectiveness

10. The HFA has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the executive managers within the Authority who have responsibility for the development and maintenance of the governance environment, the head of internal audit's annual

report, and also by comments made by the external auditors and other review agencies and inspectorates.

11. HFA reviews the effectiveness of the GAS Committee and receives an Annual Report at the HFA Annual General Meeting.
12. The GAS Committee produces an Annual Report which is considered by the HFA at its Annual General Meeting in June each year.
13. The GAS Committee has continued its scrutiny programme during 2019/20, including the scrutiny of the Cost Recovery Model for Emergency Medical Response, Business Safety Risk Based Inspection Programme and Training, Promotion and Development Opportunities.
14. The induction and training of new Members during 2019/20 has further enabled Members to discharge the functions of the HFA.
15. During the 2019/20 financial year, the HFA and Committees met as follows:
 - HFA 9 occasions;
 - GAS Committee 7 occasions;
 - Pension Board 2 occasions.
16. Members of the Pension Board receive reports against a number of key workstreams designed to ensure that the Board operates in compliance with the Pension Regulator's Code of Practice for Pension Boards, this encompasses three broad areas Governance, Administration and Communication.
17. The review of the effectiveness of the system of internal control is informed by:
 - The work of Senior Officers;
 - The work of Internal Audit;
 - Corporate Risk and Opportunity Management;
 - Performance information;
 - The Authority's External Auditor, in their Annual Governance Report, Annual Audit Letter and other reports.
18. Internal Audit has undertaken a number of reviews during 2019/20. The following areas were covered:
 - Finance and Resources
Key Financial Controls
Procurement
 - Operational Compliance
Fleet Management Usage
 - Information and Technology
Disaster Recovery
 - Governance and Leadership
Performance Management
Risk Management Framework
Business Planning

19. The overall Head of Internal Audit opinion for the period 1 April 2019 to 31 March 2020 provides Reasonable Assurance.
20. The effectiveness of the governance framework is considered throughout the year by SLT, the GAS Committee and HFA. Much of this is discharged through internal reports such as the quarterly Management Accounts and the quarterly Performance Reports as well as the work of Internal and External Audit. Any significant issues are captured via the risk management system and considered by the Fire Authority where appropriate.
21. A comprehensive Assurance Map for the Service has been developed to help inform the work of SLT, the GAS Committee and Internal Audit.
22. We have been advised on the implications of the result of the review of the effectiveness of the governance framework by SLT and the GAS Committee, and that the arrangements continue to be regarded as fit for purpose in accordance with the governance framework.

Significant Governance Issues 2019/20

23. Members are assured that the Service has appropriate arrangements in place should use of the powers under the Regulation of Investigatory Powers Act (RIPA) 2000 be necessary. A nil return was made by HFRS for 2019 as there was no use of RIPA or requests for covert surveillance.
24. Whilst the Service seeks to resolve complaints in an open, transparent and expedient manner in doing so it also refers complainants who are unhappy with the outcome to the Local Government Ombudsman.
25. The Authority utilised the Public Sector Audit Appointments (PSAA) process for the appointment of External Auditors, Mazars, after previous arrangements concluded on 31 March 2018.
26. In February 2016 HMG published the Policing and Crime Bill to improve the efficiency and effectiveness of police forces. The Bill received Royal Assent in January 2017 and the Act now places a statutory duty upon Fire and Rescue, Police and Ambulance services to collaborate. The Act also enables Police and Crime Commissioners (PCC) to take responsibility for fire and rescue services, where a Business Case is formed and there is local public support. We continue to proactively identify collaborative opportunities with the Police and Ambulance services, and other bodies. This has included:
 - A joint Emergency Service Fleet Management workshop with the Police.
 - A joint Estates (Operational and Strategic) function with Humberside Police.
 - Provision of a medical First Responder scheme in partnership with Yorkshire Ambulance (YAS), East Midlands Ambulance Service (EMAS).
 - A Falls Response Team with YAS, City Health Care Partnership (CHCP), NHS Hull Clinical Commissioning Group (CCG) and Hull City Council.
 - An agreement with Yorkshire Ambulance Service (YAS) for them to provide Service wide Clinical Governance.
 - Memorandums of Understanding with Humberside Police and Ambulance Trusts to support response activities including:
 - Searching for Missing Persons
 - Fire Investigation
 - Forced Entry for Medical Rescues
 - Drone
 - Bariatric
 - An Integrated Health Centre incorporating a Full-Time fire station, in partnership with Hull CCG.
 - A Fire and Police Transformation Board continues to commission and review collaboration opportunities, including shared estate at appropriate locations.

- A Strategic Demand Group between HFRS, Humberside Police, our four Local Authorities and our four CCGs continues to consider issues relating to demand and resourcing across the Humber Area.
- HFRS, Humberside Police, East Midlands Ambulance Service, Yorkshire Ambulance Service meet on a quarterly basis to discuss collaborative opportunities.
- Shared provision of Health and Safety function.
- HFRS providing Financial Management support to Humberside PCC.
- 'Don't Cross the Line' campaign to support stopping attacks on Emergency Service Workers.

Details of all collaboration and partnership initiatives are available on the HFRS Website at <http://www.humbersidefire.gov.uk/about-us/what-we-do/collaboration>.

27. Following the first inspection of Effectiveness, Efficiency and People, by HMICFRS in November 2018, steps have been taken to react to inspection outcomes and prepare the Service for inspection taking place in 2021. This includes development of a Service Improvement Plan, performance monitoring through a Strategic Leadership Team performance meeting held monthly and re-alignment of Director portfolios to incorporate a Director of Service Improvement.

Action Plan

28. The action points outlined below are included within our Strategic Risk and Opportunity Register and Action Plan, progress will be monitored throughout 2020/21.
- Incorporation of the Humberside PCC onto the HFA, including any arising changes to governance arrangements.
 - Impact of EU Exit.
 - Continued Scenario Planning to mitigate the effect of any further reductions or challenges on finances.
 - Impact of firefighter pension review judgement.
 - Cyber Security threats.
 - Outcome of the Grenfell Inquiry.
 - HMICFRS arising issues.
29. COVID-19 Pandemic.
Influenza Management Business Continuity Plans have been implemented enabling a very good level of Service to be maintained. This includes daily Influenza Management Team (IMT) and Business Interruption Management Team (BIMT) Meetings. A separate IMT Risk Register has been produced. Widespread support is being provided to NHS partners and Local Authorities co-ordinated via the Local Resilience Forum.

Conclusions

30. This Annual Governance Statement for 2019/20 provides Members with a high level of assurance on the Authority's governance arrangements.
