COVID-19 Testing

We are now able to offer COVID-19 testing to those staff and students who are on campus. A separate letter detailing the testing process can be found on our website. Those students who are attending campus have been sent this letter direct. We are encouraging all students and staff who are attending college to access a test. Please read the dedicated letter on testing which can be found on our website.

We will be looking to test all staff and college age students as they return to campus following the ending of national lockdown restrictions, whenever that might be, subject to further guidance.

Your Wellbeing

It is important that you look after your mental health and wellbeing, as well as your physical health. The student intranet contains lots of information on wellbeing, welfare, general information on physical and mental health as well as useful contact information. You can access this information using the link below:

This continues to be a developing and challenging situation and is important that we do all we can to stop the spread of the virus.
