Important notice regarding availability of funding

The total amount of funding the College will receive from the Government is finite. Application and eligibility is not a guarantee that an award will be made.

The College will aim to help as many eligible students as possible and is recommending that all students who have identified that they are eligible to apply should do so as soon as possible.

However, should there be a shortfall in funding and if the College is unable to make awards to all eligible applicants, the College will prioritise eligible students on a case by case basis according to individual's needs and circumstances.

When can I apply to the Bursary Fund?

We would encourage all prospective and returning students who think that they might be eligible to apply for assistance to complete and submit the Student Bursary application form during the summer vacation period in order that their application can be assessed before the start of term. Early application will help us ensure that any assistance awarded can be put in place as close as possible to the start of the September term.

Applications can be made throughout the year. Application forms and guidance notes will be available to print off from College website or by emailing julie.manning@tcg.ac.uk to request that one is posted out to you.

Do I need to submit evidence with the application form?

Yes, it is very important that the correct evidence is submitted with the application. The evidence required for each type of earnings, income and benefit is clearly specified on the application form. Photocopies are preferred but financial support staff will photocopy and return evidence if required.

If the correct evidence is not submitted the form cannot be assessed and an award **cannot** be made. If this is the case, we will write to or email the student to inform them of what further evidence they need to submit. It is the responsibility of the student to make sure that they do this promptly.

How will students know if they have been successful?

We will write to or email all students informing them of the outcome of their application. Successful students will get **an**

award notice which tells them what their award is including where applicable if they are entitled to free college meals. This means that wherever possible most eligible students will know what level of assistance they can expect when they start their course.

Students who make later applications to the fund will receive an award notice as soon as an assessment has been made.

We will also communicate all unsuccessful students informing them of the reasons for the College's decision.

How and when will payment be made?

Payments will only be issued once the student is enrolled on and has been attending their course for at least two weeks.

The Vulnerable Bursary and the Registered Young Carer's Discretionary Bursary will be paid by weekly BACS credit transfer into their bank account.

Discretionary Bursary travel payments will be made by monthly BACS credit transfer into the student's bank account.

Payments for equipment and uniforms will be by BACS credit transfer once confirmation has been received that the item has already been purchased by the student.

If items have been purchased or costs met by the College on behalf of the student, the Bursary Fund will reimburse the College.

Please note that no guarantee can be given that the full cost of an item will be reimbursed.

Students eligible for Free College Meals studying at the Altrincham and Stretford Campuses will be given vouchers which can be used in Cafe Retreat. Students eligible for Free College Meals studying at other campuses where there are no canteen facilities or instances whereby main campus canteen facilities are unavailable; we will make bacs payments for meals.

Bank Details

As outlined above, some payments will be made by BACS credit transfer directly to a bank account and as part of our application form we have included a request for bank details and would ask that all students fill in this section with their bank details.

Please note payments can only be made into the student's own bank account.

Are there any other conditions for receiving assistance from the Bursary Fund?

Yes, any payments will be conditional on good attendance, good behaviour, and satisfactory academic progress (for example completing and handing in work set on time). These conditions are the same as those outlined in your Learner Agreement which you will sign when you enrol at Trafford College.

What should I do if I am not happy with any decision that has been made regarding my application?

Students can appeal against any decision made regarding their application using a 16-18 Student Bursary Appeal form or in writing to the Programme Leader Learner Services. Students can request an appeal form and a copy of the appeals procedure by contacting the Financial Support Officer at julie.manning@tcg.ac.uk.

Initial assessments of applications and initial award decisions are made by the Financial Support Officer. In order to ensure impartiality, appeals will be investigated by the Programme Leader Learner Services who has no part in the original decision making.

Changes in Circumstances

Students may submit further evidence should a change occur in their circumstances which may result in them being assessed for a higher level of assistance. Except for Vulnerable Bursary students and where eligibility for Free College Meals has been identified, all other further awards will be subject to availability of funding. Students are also required to disclose any change in circumstances – personal, financial or educational that may make them ineligible for funding. Failure to do so may make the students liable for the cost of funding already received.

Equality and Diversity Statement:

Programme Leader Learner Services and the Student Financial Support Team will:

1. Take positive action to ensure that all students can apply for financial support thus widening participation and providing learning opportunities for under represented groups.
2. Ensure that no applicant to the Bursary Fund receives less favourable treatment which cannot be justified in relation to individual financial/personal circumstances.
