Help with Essential Costs

If you have a low household income, you may qualify for funding towards the costs above. Funding application forms are available from the Funding Team (behind the Welcome Desk) and there will be staff available at enrolment to offer advice on eligibility for funding. Help is only available towards essential course costs and payment cannot be made to you until you have started the course.

Students Aged 19 and Over

Students aged over 19 on 31 August 2022 whose study programme is fully funded may not have to pay some of the above charges. This depends on your age, the course you are studying, and what the charge is for. Please check with the Funding Team if you are unsure of what you should pay for.

The cost for the A Level Fine Art and Textiles Art kit is £25- if you are undertaking both courses, you will only be charged for 1 kit!
