Worshipful Company of Tylers and Bricklayers

Triennial Awards 2027

Nomination Form

Please read these rules carefully before preparing and submitting your nomination

1 Nominations may be made by anyone, whether or not they are connected with the project.

2 A 'project' means a building or part of a building that demonstrates excellence in one of three crafts: brickwork, roof slating and tiling or wall and floor tiling. The project must have been completed in the three years prior to 10 May 2027.

3 The building or project must be located in the area bounded by the M25 motorway.

4 Nominations must include the following items:

i) This Nomination Form completed with all available details where possible.

ii) The Supporting Statement completed on page 3 giving details of the project, the design parameters (if known) and the reasons why the nominator feels the project should be considered for an award. You may add additional sheets if required.

iii) Up to six photographs giving an overall impression of the project and illustrating the part or parts which make it a contender for an award. Relevant drawings, though not required, may also be submitted.

iv) Agreement of the Project Owner to its submission for an award, in writing if possible

5 If you wish the project to be entered for the Sustainability Award, please tick the box marked "Sustainability" on page 2 and complete the Supporting Statement on page 4. The judging criteria are set out in the Schedule

6 If the project is short listed, the Judging Panel may require access to the building to inspect relevant features. The person making the nomination should be willing to arrange such access where possible.

7 Please note that by submitting a Nomination Form you are consenting to the publication of photographs and other descriptive material about the project, including on public areas of the Company's website and in press releases. Please also read the note below on the subject of data protection

Data protection:

The Worshipful Company of Tylers & Bricklayers (the "Company") is aware of its obligations under the General Data Protection Regulation (GDPR) and will treat personal data provided by you as being confidential and comply with all data protection legislation in respect of it. We will only use the personal information you provide to the Company on this Nomination Form for the purposes of assessing, short listing and judging the Triennial Awards 2024 where we have a lawful basis to do so. Personal data may be collected from the Nomination Form, from responses given to queries raised by us and from notes made by us during the assessment, short listing and judging process, including site visits.

If the project nominated by you is selected to receive a Triennial Award, the personal data provided by you may be used for the purpose of making the Award, including publication of details of the winning projects in a press release, brochure of award winners and/or on the Company's website. If the project nominated by you is not successful, we will retain Nomination Forms, including your personal data, for six months after the closing date for nominations to support enquiries relating to your nomination. Your legal rights in relation to data we hold about you, including your right to request access to your personal data, are included in the Privacy Policy on our website www.tylersandbricklayers.co.uk.

Completed Nominations must be received not later than 10 May 2027 by email to:
Ian Wilson, Craft Committee Chairman at ian@anglianbrickwork.co.uk
or by post to: Essex House, 17 Joiners Road, Linton, Cambridgeshire, CB21 4NP

SCHEDULE

Sustainability Award

Those entering projects for awards in the brickwork, roof slating and tiling and wall and floor tiling categories may also enter their project for the Sustainability Award. To do this, please indicate either "Yes" or "No" on page 2

Selection for this award will take place from the projects entered for the three "craft" categories.

The Judges will be looking for one or more of the following factors:

- A holistic or innovative approach to sustainability
- A long term impact on reducing carbon emissions and using low carbon energy resources
- Ethical supply chain practices and waste management
- Making projects nature positive from the beginning
- Whether the project forms part of a more general initiative to improve core business practices or social responsibility, with support fron the Board of Directors

If you wish to enter your project for the Sustainability Award, please complete the form on page 4 with sufficient information to allow the judges to evaluate your entry under this heading.
