

Sulis Hospital is one of the first independent hospitals to be owned by an NHS Trust providing private, insured, and NHS healthcare.

## WARM WELCOME

Believing in a new era of healthcare that benefits everyone, we foster collaboration and provide excellent governance while creating additional capacity for NHS patients. The caring approach of our dedicated team has earned us an **'Outstanding for Caring'** rating from the Care Quality Commission.

Sulis Hospital has achieved accreditation as an elective surgical hub through NHS England's Getting It Right First Time (GIRFT) scheme, affirming our commitment to facilitating access to common surgical procedures. As the first NHS-owned independent hospital and one of 16 nationally recognised surgical hubs, Sulis Hospital continues to serve both NHS and private patients.

We offer dedicated operating theatres and beds, optimising the availability of planned surgeries across various specialities. This accreditation, along with recognition as a National Joint Registry (NJR) Quality Data Provider, underscores the high standards of clinical care at Sulis Hospital.

Sulis Hospital became part of the Royal United Hospitals Bath NHS Foundation Trust in June 2021 and continues to provide private, insured and NHS healthcare. We appreciate the trust you place in us to care for your patients.

**Simon Milner** - Hospital Director  
Sulis Hospital, Bath

## HOW TO CONTACT SULIS HOSPITAL

General private patient enquiries	01761 422288 enquiries@sulishospital.com
Main switchboard	01761 422222
NHS initial enquiries	01761 422260
Out-of-hours resident medical officer/inpatient ward	01761 422201
Physiotherapy	01761 422388
Pre-assessment	01761 422200
Primary Care Manager	01761 422214
Radiology	01761 422250
Self-funded pricing	01761 422288

## HOW TO REFER YOUR PRIVATE PATIENT

Our private patient advisors are based locally in the hospital and have excellent knowledge of the hospital and the services offered.

### THE TEAM CAN PROVIDE INFORMATION ON:

Specialities, procedures, diagnostic tests and consultants	Procedure prices, self-funded packages and finance options.	Accessing and using private medical insurance.	Information on treatments offered by individual consultants and contact details for private secretaries.

Call **01761 422288** or email [sulis.bath-private@nhs.net](mailto:sulis.bath-private@nhs.net)

## How to send a generic or named referral to Sulis Hospital

### POST

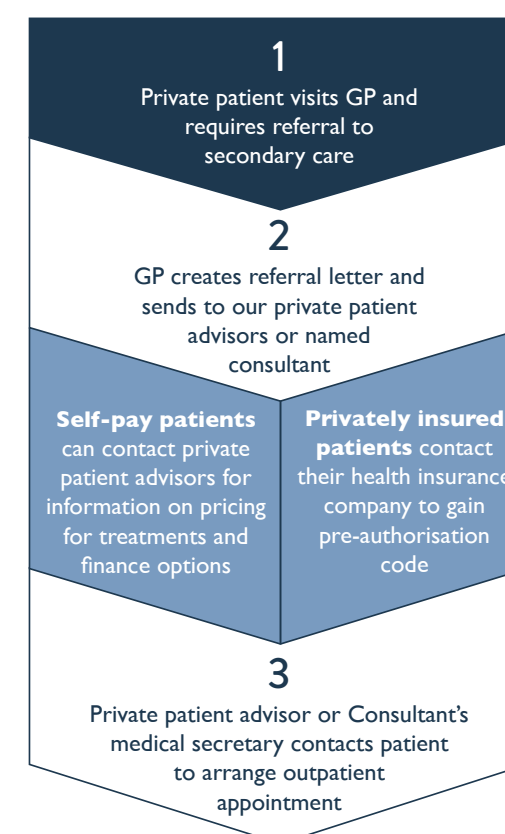

Named Consultant or  
Private Patient Advisor  
Sulis Hospital  
Foxcote Avenue  
Peasedown St John  
Bath BA2 8SQ

### SECURE EMAIL

[sulis.bath-private@nhs.net](mailto:sulis.bath-private@nhs.net)

### EXCLUSION CRITERIA

Full details of our exclusion criteria are on pages 29 and 30 of this directory.

## SOME OF THE REASONS PATIENTS CHOOSE SULIS HOSPITAL:

- Short waiting times for both consultation and treatment.
- Finance options available to spread the cost.
- We consistently receive over 98% positive patient satisfaction feedback.
- Resident medical officer on site and available 24 hours a day.
- Free car parking for patients.
- Complimentary hot refreshments.
- Inpatients can request their meals at a time to suit them.
- Follow up telephone call within 48 hours post discharge to ensure that the patient is comfortable and to deal with any concerns.

# WHY REFER YOUR PATIENT TO SULIS HOSPITAL

Our consultants have been appointed to substantive NHS consultant posts in their medical careers. Most of our consultants are based at the Royal United Hospital, Bath but we also have doctors from hospitals in Yeovil, Bristol, Swindon and further afield.

The consultants choose to see and treat patients at Sulis Hospital because they believe that their patients will receive outstanding care resulting in the best outcomes. Having close working relationships with their colleagues they can cross refer, if necessary, to the most appropriate consultant colleague.

In the unlikely event of a transfer being necessary to an acute trust, your patient will usually be looked after by the same consultant, thereby ensuring continuity of care.

Quality and safety are at the heart of all we do. We have clear governance processes led by the Head of Nursing and Allied Health Professionals with the Clinical Chairman and Hospital Director.

# 98%\*

of patients reported their overall experience was good or very good

\*Based on 2,552 patients who provided feedback in 2022.

## Specialist clinical units and multi-disciplinary approach

We have built an incredibly strong and diverse team of like-minded medical experts who all work together to achieve the best possible result for every one of our patients. Our consultants are specialists and benefit hugely from being able to draw upon the shared experience of their colleagues; working in clinical units allows them to agree on best practice for the patients.

Our consultants are supported by our highly skilled Registered Nurses and Allied Health Professionals that form the multi-disciplinary teams and ensure safe and effective pre and post-operative care for patients.

# FACILITIES AT SULIS HOSPITAL

# 150+

consultants in over 40 specialities

26 Private inpatient ward bedrooms with ensuite.

2 Double inpatient rooms with ensuite.

22 Daycase beds.

Intervention treatment room.

Endoscopy suite with JAG accreditation.

Cardiology with the latest digital technology.

Pharmacy.

Dedicated physiotherapy suite with gym area and 4 treatment rooms.

Advanced diagnostic imaging facilities, including full digital X-ray, MRI, CT scanner and ultrasound.

Integrated pathology and diagnostic results available by ICE.

Inspected and rated by

Safe	Good
Effective	Good
Caring	Outstanding ☆
Responsive	Good
Well-led	Good

Report published April 2017

## Some comments from the CQC report summary of findings

“

Patients we spoke with were fulsome in their praise for staff. We heard of numerous examples where staff had gone the extra mile to support people.

Staff treated patients with dignity, respect and kindness during all interactions. Patients told us that staff took time to listen to them and felt supported by them.

Patients told us that their conditions and treatment options were explained to them in a way they could understand.

Staff showed compassion when people were distressed or anxious.

Staff, including those in different teams, worked together to provide seamless and coordinated care.

”

## Self-funded patients

We aim to offer patients competitively priced treatments. Our private patient advisors can provide guide prices for specific treatments following consultation.

Guide prices\* from:

MRI	£410
CT	£365
X-ray	£115
Echocardiogram	£380
Breast augmentation	£5,850
Colonoscopy	£2,305
Vaginal hysterectomy	£6,320
Cataracts (one eye)	£2,775
Upper eyelid lift	£3,490
Knee arthroscopy	£4,150
Total knee replacement	£13,980
Mako total knee replacement	£15,785
Hip replacement	£13,615
Mako hip replacement	£16,395
Shoulder rotator cuff repair	£6,205
Image guided injection into joint	£1,525
Nerve root block	£2,215
EVA treatment varicose veins (unilateral)	£2,715

\*prices correct at January 2024

### Finance options

Chrysalis Finance offers patients a way to spread the cost of their treatment at Sulis Hospital. Loans are subject to status and terms and conditions apply.

### Privately insured patients

The majority of consultants are now “fee assured”. Patients will be informed by the private medical secretary if the consultant is not “fee assured” with the patient’s PMI company.

## How we can help with your continuing professional development

Sulis Hospital's educational programme is for general practitioners and allied health professionals.

We are committed to working with our referring clinicians by providing educational opportunities to develop clinical understanding within specialist fields. Our extensive educational programme provides insights into new health technologies and an enhanced understanding of symptoms, conditions, treatments and the latest advice on when to refer.

Our events are led by some of the region's leading consultant specialists and will provide an opportunity for clinicians seeking continuing professional development (CPD) for future clinical accreditation.

For a list of forthcoming events please visit Healthcare Professionals on our website [www.sulishospital.com/about-us/healthcare-professionals](http://www.sulishospital.com/about-us/healthcare-professionals)

### GP evening events

We provide a wide range of high-quality educational meetings at the hospital or online to provide continuing education to GPs and Nurse Practitioners.

The evening meetings are based on feedback from GPs on topics they would like covered. They have clearly defined, robust learning objectives and incorporate a Q&A session in order that you can get the most out of the event.

The evenings usually start at 19:00 with complimentary food and refreshments with the educational element starting at 19:30. The talk usually lasts 60 – 90 minutes depending on the number of speakers.

### GP lunchtime events

Make the most of your lunch break by inviting one of our consultants to come and speak to your Practice on a topic of your choice.

We provide a freshly prepared lunch along with attendance certificates which can be used towards your CPD credits.

**The talks are completely free of charge, and timings can be flexible.** To arrange a talk at your practice please email us at [gp@sulishospital.com](mailto:gp@sulishospital.com)

## Sulis Hospital Physio Associate Programme

We hold regular educational evenings for physiotherapists, chiropractors and osteopaths. Details of the evenings will be published on the Healthcare Professionals area of our website under the Physio Associate Programme.

Sulis Hospital has four state-of-the-art theatres capable of supporting complex surgery.

A combination of new surgical techniques and advances in anaesthesia is leading to a shift to same-day surgery for joint replacements to include robotic-assisted hip and knee replacements.

This gives greater flexibility in the patient's journey to minimise stress and anxiety and facilitate a faster recovery. Patients will be back home the same day and are usually able to get back to their daily life quicker.

The theatres are equipped with the latest technologies across all surgical specialities and a modern purpose-designed endoscopy suite enables Sulis Hospital to be a leading provider of endoscopy services with JAG accreditation.

## Advanced Diagnostics

The imaging department provides a wide range of diagnostic services across all modalities.

We are investing in the latest diagnostic equipment so that our consultants can quickly refer, diagnose and treat with reassured accuracy.

We offer a wide range of radiological services, including interventional, across an increasing range of specialities. Modalities on site include:

- General X-Ray
- Ultrasound
- Computed Tomography (CT)
- Magnetic Resonance Imaging (MRI)
- Intra-operative Image Intensifier

Please contact our imaging team on **01761 422250** for bookings and more information.

SULIS BATH HOSPITAL EXCLUSION CRITERIA

Simple Exclusion Criteria:

- Patients with a BMI >40 All non spinal surgery, BMI > 35 Spinal surgery.
- Patients under the age of 18.
- MI/CVA/ recurrent TIA within the last 6 months.
- Severe COPD/Asthma/Bronchiectasis.
- Diagnosed myelodysplasia/haemophilia/thrombocytopenia.
- Any patient who has an ASA score of 3 (who are unstable).
- Patients who have a current and significantly unstable psychiatric disorder.

KEY:  
✓ Patient with this Co-morbidity may be treated at Sulis  
✗ Patient with this Co-morbidity may not be treated at Sulis  
? Patient with this Co-morbidity may be treated at Sulis, however must be risk assessed, reviewed by Anaesthetist and/or pre assessment

Detailed Exclusion Criteria:

CARDIOVASCULAR	MAJOR SURGERY	MINOR SURGERY	COMMENTS
Uncontrolled Hypertension: persistent sys >160mmHg. Persistent Dia >90mmHG	✗	✗	
Internal Cardiac defibrillators	✗	✗	
Myocardial infraction within the last 12 months	✗	✓	Risk Assessed and Anaesthetic Assessment Required
Coronary angioplasty stenting within the last 12 months	✗	✓	
Uncontrolled or poorly controlled Angina	✗	✗	
MI/CVA/ recurrent TIA within the last 6 months	✗	✗	
Dysrhythmia; chronic atrial fibrillation, ectopics and 2 <sup>nd</sup> and 1 <sup>st</sup> degree heart block	✓	✓	Anaesthetic Assessment Required
Dysrhythmia: other	?	✓	Anaesthetic Assessment and Cardiac Anaesthetic
Patients with Severe aortic stenosis (Gradient > 60mmHg)		✗	
Cardiac implanted electronic device (Pacemakers)	✓	✓	Follow CIED SOP / Refer to Cardiac Technician
Heart Failure < 6months	✗	✗	
DVT/PE < 1 Year	?	?	Risk Assessed and Anaesthetic Assessment Required
Patients with mechanical valves on Warfarin	?	?	Risk Assessed and Anaesthetic Assessment Required.
Patients with other valve disease or replacements taking antibiotic prophylaxis	✗	✓	Anaesthetic Assessment Required

SEVERE COPD	MAJOR SURGERY	MINOR SURGERY	COMMENTS
FEV1 <50% predicted; Patient on home oxygen. O2 Stats <92% on room air	✗	✓	Anaesthetic Assessment Required
Poorly controlled Asthma (frequent acute episodes or needing nebulisation and/steroids in the last 3 months, Peak flow <200l/min	✗	✓	Anaesthetic Assessment Required
Shortness of breath at rest/minor exertion. Poor exercise tolerance, i.e. unable to walk two flights of stairsor ½ mile on flat	?	?	Anaesthetic Assessment Required
Sleep Apnoea/use of CPAP	✓	✓	Anaesthetic Assessment Required
Bronchiectasis (severe)	✗	✓	Anaesthetic Assessment Required

RENAL	MAJOR SURGERY	MINOR SURGERY	COMMENTS
Renal Failure or Impairment (Creatinine > 200 µmol/L)	X	✓	

NEUROLOGICAL	MAJOR SURGERY	MINOR SURGERY	COMMENTS
Myasthenia Gravis	X	✓	LA Cataracts
Severe uncontrolled neurological disorders	X	X	
Epilepsy Seizures within the last 6 months	X	X	

ENDOCRINE	MAJOR SURGERY	MINOR SURGERY	COMMENTS
Poorly Controlled Diabetes (history of hypoglycaemia three months or HbA1c > 69mmol/L	X	X	
Rare Endocrine disorders, e.g. Addison's disease, Cushing's Syndrome	X	X	

BLOOD DISORDERS	MAJOR SURGERY	MINOR SURGERY	COMMENTS
Sickle Cell Disease	X	✓	Anaesthetic Assessment Required
Mastocytosis	X	X	
Thalassaemia	X	✓	Anaesthetic Assessment Required
Myelodysplasia, haemophilia, thrombocytopenia	X	X	
Anticoagulation on warfarin (depending on indication for anticoagulation)	?	?	Dependent upon surgical procedure Anaesthetic Assessment Required

OTHER	MAJOR SURGERY	MINOR SURGERY	COMMENTS
BMI > 40	X	X	
BMI > 35 but less than 40 with co-existing disease	?	?	Anaesthetic Assessment Required
Prescience of infected skin lesions or any ongoing infection	?	?	Surgeons Discretion
Chronic ulceration with cellulitis	X	X	
Active or severe chronic liver disease	X	?	Anaesthetic Assessment Required
Current MRSA positive	X	?	Surgeons Discretion
Immunocompromised HIV or active Hepatitis B or C	?	?	Anaesthetic Assessment Required
Unstable Mental Health problems	X	X	
Known History of Anaphylaxis	?	?	Dependent upon Allergy Anaesthetic Assessment Required
Any patient who has an ASA score of 3 (who are unstable) – Please see appendix 1.	X	X	

GYNAECOLOGICAL / UROGYNAECOLOGY	MAJOR SURGERY	MINOR SURGERY	COMMENTS
Cervical colposcopy	X	X	
Correction female genital mutilation	X	X	
Fertility	X	X	

Sulis Hospital was formerly known as Circle Bath

Sulis Hospital  
Foxcote Avenue  
Peasedown St John  
Bath BA2 8SQ

From Bath head southwest on the A367 to Peasedown St John. Enter the Peasedown St John bypass (A367), passing Audi and Mercedes Benz dealerships on your left. At the roundabout, take the first exit into Wellow Lane, followed by the first left into Foxcote Avenue. Follow signs to Sulis Hospital.
