This scan takes pictures of your small bowel

guidelines

things that you need to do	
<input checked="" type="checkbox"/>	
<input checked="" type="checkbox"/>	
<input checked="" type="checkbox"/>	
<input type="checkbox"/>	
<input type="checkbox"/>	
<input type="checkbox"/>	

You will be asked to follow some special diet instructions in the days before your scan.

drink

You will be asked to drink some fluid before your scan.

This will taste like sugary water.

injection

This test may involve an injection

ask you questions

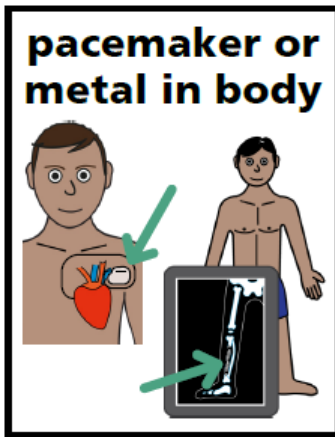

The staff will ask you some questions before your test

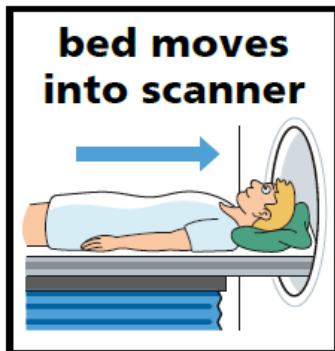

no jewellery

You can't wear any jewellery when having this test

Let the staff know if you have a cardiac pacemaker or any metal work inside your body

The bed you lay on will move into the scanner
The scanner is not very big

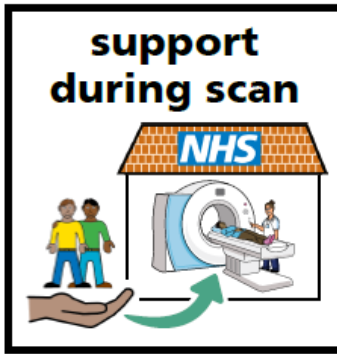

You need to lay still during the scan

The MRI is very noisy

You can listen to music.

You will be on your own in the scanning room for short periods
Tell staff if you need someone with you at all times

Please bring your hospital passport with you if you have one
