

## One baby is admitted to neonatal care every five minutes

"I remember the fear when seeing my little girl for the first time so small and fragile, wires and machines beeping everywhere." **Rebecca, mum to Arabella born premature**

**Help us be there for  
babies and their families  
at this critical time**

**Bliss**  
for babies born  
premature or sick

# Bliss is the leading UK charity for babies born premature or sick. Your donations will help:

## Invest in babies' futures

We fund neonatal research that can lead to practical improvements in babies' care.

## Raise standards of care

We train healthcare professionals and work with neonatal units to help them make improvements in care.

## Stand up for babies

Neonatal care is underfunded. We campaign for greater investment in neonatal care, and other vital issues.

## Empower parents every day

We provide information and emotional support for parents to help them through one of the hardest times of their life.

## Could you help raise money for Bliss?

Bake, walk, trek or do your own thing to help babies when they need it the most. Help today by visiting [bliss.org.uk](https://bliss.org.uk) or emailing [events@bliss.org.uk](mailto:events@bliss.org.uk)
