

SUB-ZERO WOLF

IMPECCABLE TASTE EVERY TIME

For many, the kitchen is the heart of the home—the place where life happens. Open the door to more life and more moments worth savouring with Sub-Zero and Wolf outdoor kitchen appliances.

Here's to moments worth savouring—outdoors

Please note: Always consult your builder to ensure that Sub-Zero and Wolf outdoor kitchen appliances are installed according to building code requirements.

COOK WITH CONFIDENCE

Wolf takes the guesswork out of outdoor cooking and grilling with exceptional performance and intelligent features.

PREDICT DELICIOUS

Built into every Wolf product is a belief system. The central tenet: that your ideas and preferences, not the limitations of your equipment, should determine how your meals turn out. Like its indoor counterparts, a Wolf outdoor grill puts precise control in your hands, so that the dish you have in mind will be the dish you bring to the table.

Masterful Performance

Wolf outdoor grills specialise in nuanced temperature control—the key to successful grilling. We combine the searing power of independent grill burners—up to 38 kW on the 137 cm model—with even, radiant heat from ceramic briquettes. The result? Predictably delicious meals. The precise high to low temperature control lets you masterfully grill anything from mouthwatering ribeyes to enticingly crosshatched vegetables.

With Wolf, you can count on exceptional performance for decades; every Wolf outdoor grill is precision-welded, double-walled stainless steel that will not rust or hold water. Yet the heavy-gauge hood lifts with a light touch, assisted by concealed springs.

STEEL GRATES

Stout, 10 mm thick stainless-steel grates retain and radiate more heat for more even grilling and restaurant-worthy sear marks. The stainless-steel grates will not rust or chip, and can be cleaned simply with a wire grill brush.

IGNITION SYSTEM

Wolf's ignition system is designed for reliability. Depress the knob and a hot coil ignites the gas. Wolf briquettes emit consistent radiant heat that, combined with the burners, provide uniform temperature distribution.

SMOKER BOX

Your grill can act as a smoker with the help of the included sealed smoker box. Using your choice of wood chips, add extra smoky flavour to your barbeque and favourite grill creations.

ROTISSERIE

The rotisserie holds up to 11 kg of meat. Smooth rotation ensures even doneness. Two positions let you set the ideal distance from the burner, whether you are cooking small items, such as game hens, or large ones, such as roasts.

SEAR STATION

A powerful, 7.3 kW sear station on the 91 cm, 107 cm, and 137 cm models emits exceptionally high heat, searing in delicious flavour for mouthwatering results.

TEPPANYAKI

Versatility abounds with the Teppanyaki plate accessory. It lays directly on top of the grill grates, creating a smooth cooking surface for preparing more delicate items. Sauté vegetables or shrimp, toast hamburger buns, or even fry eggs.

Design Flexibility

Outdoor kitchens come in all sizes. So do the Wolf outdoor gas grills—76 cm, 91 cm, 107 cm and 137 cm. Each size can be built in, or optional carts are available for 76 cm, 91 cm, and 107 cm models. For cart models, you may also specify an optional side burner for warming sauces and sautéing side dishes. All Wolf outdoor gas grills are available in natural gas or LP.

ICBOG36

SPRING HOOD

The spring-assisted hood opens and closes the stainless-steel hood with a light touch. Heavy-duty, concealed springs eliminate 50 percent of the weight. The handle design keeps hands away from the hot grilling surfaces.

WARMING RACK

It may be called a warming rack, but with three positions, it can do so much more—roast vegetables, slow-roast ribs, warm buns, and keep foods moist and ready to serve.

SUPERIOR IN EVERY DETAIL

HALOGEN LIGHTS

Powerful, brilliant halogen lights illuminate your grilling surface, ultimately taking the guesswork out of nighttime grilling.

LIT CONTROLS

LED lights positioned above the Wolf signature red knobs make it simple to adjust the controls in dim light. Black knobs are also available as an additional accessory.

ADDITIONAL FEATURES | Double-wall construction, smoker box, thermometer, drip tray, stainless-steel finish

ENDLESS COMBINATIONS

Find the right storage combination for your needs—choose from a variety of cabinets, drawers, and doors. Keep paper towels conveniently at hand in a specifically designated drawer. Hide trash and recycling receptacles out of sight behind a single or double drawer.

DRY, WEATHERPROOF

Items will stay dry and protected from the elements in weatherproof storage.

Ultimate Convenience

Make your outdoor kitchen work as aptly as you do, and limit your trips back inside, with Wolf outdoor storage options. Cabinets, doors, and drawers provide the space to store everything from mesquite chips and grill accessories to paper towels and trash and recycling receptacles. With these organisational necessities in place, you can spend more time savouring special moments.

ERGONOMIC HANDLES

Wolf outdoor storage is built with the same superior craftsmanship as Wolf indoor appliances. Ergonomic handles are sophisticatedly designed for comfort and ease of use.

RUST-RESISTANT

Expect decades of unparalleled performance with rust-resistant stainless steel.

INSTALLATION FLEXIBILITY

Install flush or proud to match your outdoor kitchen design.

Create a Complete Outdoor Kitchen

Imagine preparing the same gourmet meals in your outdoor kitchen that you do in your indoor kitchen. With Sub-Zero and Wolf, you can. Our multi-function grill gives you masterful control, while warming drawers lend a helping hand. Sub-Zero undercounter refrigeration keeps fresh foods, cold drinks, ice, and other necessities conveniently at your fingertips.

Beyond performance, the Sub-Zero and Wolf outdoor kitchen gives you a stunning luxury look and practically endless design flexibility.

Dining and entertaining outdoors has never been so exciting.

76 CM WARMING DRAWER

With the 76 cm Wolf warming drawer, dishes prepared at different times stay warm, moist, and ready to serve on your schedule. 76 cm and 92 cm front panels are available.

33 CM BURNER MODULE

The burner module, also available as an attachment for grill cart models, lets you prepare side dishes or warm sauces without having to run inside. It produces 7.3 kW, the ideal preparation companion for sautéing and stir-frying.

Gaze Burvill à la carte outdoor kitchen

FRESHER, LONGER

As long as there is Sub-Zero, food's freshness will stand the test of time, as will the beauty and performance of your outdoor kitchen.

PRESERVE WHAT MATTERS

Sub-Zero is a food preservation system with more than 70 years of innovative thinking behind it. Engineered and tested to last for decades—even in harsh outdoor environments—your Sub-Zero will offer you years of enjoyment through its dependability, standard-setting design, and convenience.

Please note: Always consult your builder to ensure that Sub-Zero and Wolf outdoor kitchen appliances are installed according to building code requirements.

Convenient Refrigeration

Bring the convenience, standard-setting design, and worry-free performance of Sub-Zero to your outdoor kitchen. The integrated drawers are sealed to lock in moisture and ensure maximum freshness in the ideal low-temp, high-humidity environment for optimum food preservation. Sub-Zero outdoor drawers, paired with outdoor panels, are engineered for temperatures up to 43° C and clad in heavy-gauge stainless steel that withstands UV rays, salt, and moisture.

UNDERCOUNTER OUTDOOR REFRIGERATOR DRAWERS

The outdoor refrigerator drawers are the key to keeping your food and drinks fresh and cool—within one degree of setpoint.

ADDITIONAL FEATURES | Adjustable and removable storage dividers, soft-on LED lights, soft-close drawers, door lock
