What Is Suretriggers?

Suretriggers (formerly SureTriggers) is a powerful, cloud-based automation platform that connects over 1,250 apps — including WordPress, WooCommerce, Shopify, Google Sheets, Slack, HubSpot, and more.

Think of it as your automation command centre that eliminates manual, repetitive tasks and lets your tools talk to each other seamlessly.

Unlike other platforms that feel clunky and overly complex, Suretriggers offers a **visual workflow builder** with drag-and-drop simplicity.

You don't need to write a single line of code. Just pick a trigger (like "new WooCommerce order"), add an action (like "send email and log in Google Sheets"), and watch the magic happen.

Who Is It For?

- **Agencies & Professionals:** Impress clients with AI-powered automations and offer ongoing automation-as-a-service
- **eCommerce Entrepreneurs:** Automate order alerts, inventory sync, customer follow-ups, and loyalty campaigns
- **Community Builders & Course Creators:** Enrol students automatically, segment members, and trigger personalised content
- **Freelancers & Small Business Owners:** Organise leads, create follow-up sequences, and trigger AI summaries with one click

Whether you're managing multiple clients, running an online shop, or just trying to stay sane with your to-do list, Suretriggers makes automation accessible to everyone.

Why This Suretriggers Black Friday Sale Is Worth It

Let's be honest — automation platforms usually come with hefty subscription fees. You pay monthly or yearly, and those costs add up fast. But during the **Suretriggers Black Friday Sale 2025**, you're getting **lifetime access** at a fraction of the regular price.

Here's what that looks like:

- **Pro Plan:** Normally \$799 → Now **\$499** (save \$300)
- **Business Plan:** Normally \$1,499 → Now **\$799** (save \$700)
- **Business Plus:** Normally \$2,999 → Now **\$1,499** (save \$1,500)

That's up to **40% off** on plans that give you unlimited workflows, AI agents, MCP servers, and premium support. You're not just saving money — you're investing in a tool that'll save you hundreds of hours every year.

What makes this deal even sweeter? **No renewals. No hidden fees. No monthly surprises.** You pay once, and you're set for life. I've tested quite a few automation tools over the years, and Suretriggers' pricing is genuinely one of the most sensible I've come across — especially for WordPress users and small teams who need enterprise-level features without the enterprise-level cost.
