

Cancellation & Termination

We're sorry to see you go – but we will make the process as simple and clear as possible.

How to cancel your service

You can cancel your account by calling us or by sending us an email.

Please call us on: 020 3966 2899

Or email us using our contact details.

Once we receive your cancellation request, we will promptly get in touch with you by phone to confirm that the request was genuinely made by you or an authorized account holder. This step is for security purposes only and will not delay or prevent your cancellation from proceeding.

Our team will:

- Confirm your account details
- Talk you through any final charges (if applicable), including any early termination fees
- Process your cancellation while you are on the call
- Confirm your service end date

Why we may contact you by phone:

For security and accuracy, we don't process cancellations via email or online forms.

This helps us:

- Protect your account from unauthorised requests
- Make sure your cancellation is completed correctly
- Avoid any delays or confusion

Important to know:

- Your service will remain active and billable until your cancellation is confirmed over the phone
- If you stop payments without cancelling properly, charges may still apply

Early Termination Fees

If you're still within your minimum contract term, an early termination fee may apply. Our team will clearly explain any charges before your cancellation is processed.
