- 2.1. We will send you 2 Super Pods (white, pentagon-shaped devices that plugs into a wall socket and has an Ethernet port on the bottom in case you want to hardwire a laptop in) and the HomePass App Subscription will be available for you to download and use.

  - Adaptive Wi-Fi (fast, reliable internet for everyone, everywhere in the house)
  - Parental Control (define contents and hours of usage)
  - Home Awareness (turn connected devices into motion sensors while maintaining privacy)
  - Advanced security control (advanced filters to protect your accounts)
- 2.5. If you have any further enquiries, Hey!B Tech Support can help you Mon-Sat 9am-6pm.
