

# Sea/trade

## Negotiation and fixture management

### Visibility

Everything in one place from order creation, negotiation & terms.

### Transparent

and consistent processes across orders with complete audit trail.

### Control

Stronger control of terms, templates, negotiations and distribution.

### Integrated

To help you work more efficiently across the Sea/suite.

## Compliant & collaborative deal capture for charterers, owners & brokers.

- View, create and manage orders in one place, across all fixture types.
- Complete control of voyage terms to mitigate risk.
- Set up templates and voyage terms to work more efficiently.
- Distribute orders to the market and receive back indications, visible within one place.
- Progress from indication, to firm, accept bids, negotiate and clean fix.
- Streamline communications with Sea/chat integration.
- Notifications to keep you in the loop.

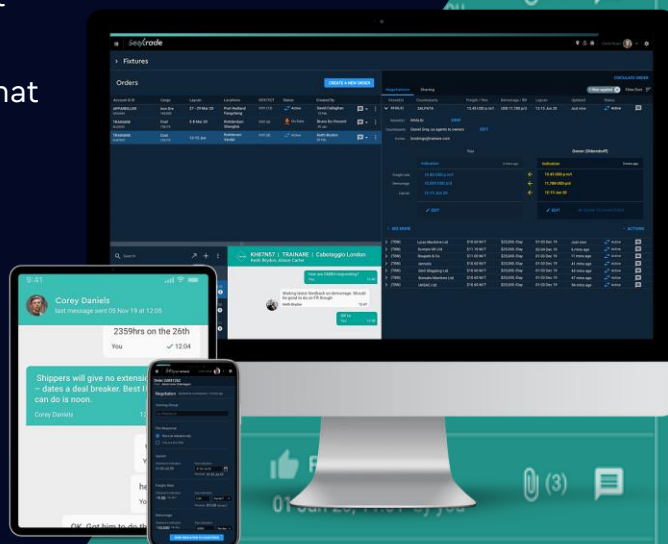

24/5  
support

Anytime,  
anywhere.

Part of an  
integrated end-  
to-end solution
