

School Report

by Loretta Schauer

School report for: Anisha Begum

Attendance and overall behaviour

Attendance: Excellent!

Anisha has been a cheerful and helpful member of class this term. She has been keen to answer questions and has achieved well in most of her subjects. Although Anisha does not mean to be naughty, she has a tendency to chat during self-directed activities, and needs to work on staying focused on the task at hand. However, I have been particularly impressed with how she has offered support to a classmate who has been struggling with their confidence following their move from another school. Well done, Anisha!

Maths and numeracy

Overall, Anisha has made satisfactory progress in most aspects of numeracy. She still finds fractions difficult, but she has been practising, and has begun to attain better scores in her tests. Keep up the good work!

English

Writing:

Anisha has made good progress with her written work this term, although she does tend to rush, which has led to some silly errors. I would suggest she take more time to check her work carefully to avoid making unnecessary mistakes. That said, Anisha has written some imaginative and engaging stories lately, and I look forward to reading more of her creative writing when we return after the holidays.

Reading:

I have been very impressed with the improvement in Anisha's reading this term. She has written several excellent book reviews and has even volunteered to help in the library on Tuesday lunchtimes. I hope Anisha will continue to explore and expand her reading over the Easter break.

Music, drama and dance.

The class has been focusing on drama this term, and Anisha has shown great enthusiasm. She is confident performing in front of her peers, and has enjoyed taking part in the class play.

Arts and crafts

This term we have been working on observational drawing and painting, and Anisha has created some good work. She does sometimes get distracted towards the end of the lesson, and needs to put a little more effort into finishing her work on time. However, her jungle collage was fantastic, and has been displayed outside the school office!

Science

I am very pleased with Anisha's progress in science this term. She has achieved consistently good results in her tests, and is a regular contributor to class discussions. I have recommended that Anisha attend Mr Dobson's 'Bright Sparks' science club next term.

PE

Anisha has made good progress in gymnastics this term, and is improving her skills when working as a team during invasion games. She has expressed an interest in joining tennis club during the summer term.
