

**I have had enough of this weather.**

**It has been raining all week.**

**We have driven here for a holiday.**

**We have a lovely caravan by the sea.**

**Mum has always liked this place.**

**Dad has been looking forward to this all year.**

**Of course, we have brought things to do.**

**We have also been going on nice walks.**

**I have no patience left, however.**

**I have no dry clothes.**

**We have been thinking about going home.**

**We have things we could do at home anyway.**

**We have packed up our cases.**

**Dad has loaded the car.**

**Mum and Dad have been cleaning the cottage.**

**We have set off for home.**
